In re: Environmental cost recovery clause.

DOCKET NO. 100007-EI
ORDER NO. PSC-10-0428-CFO-EI
ISSUED: July 2, 2010

ORDER GRANTING PROGRESS ENERGY FLORIDA, INC.'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 02417-10)

BY THE COMMISSION:

On April 1, 2010, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of certain information contained in Exhibit PQW-1 to the pre-filed testimony of Patricia Q. West (Document No. 02417-10) filed in this docket.

Request for Confidential Classification

Section 366.093(1), F.S., provides that “any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act].” Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraph (d) of Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.” In addition, paragraph (e) of Section 366.093(3), F.S., provides that “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of information” is proprietary confidential information.

PEF contends that the information contained in exhibit PQW-1 to the prefiled testimony of Patricia Q. West, attached as Exhibit B to PEF’s request, falls within these definitions and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Specifically, PEF alleges that the exhibit contains unit specific information on lines 1 through 8 on page 9 of Exhibit No. PQW-1 that could be used to determine unit outage schedules. PEF alleges that the disclosure of that information could allow competitors to predict PEF’s ability to make wholesale sales or its need to make power purchases. PEF further alleges that the information in lines 1 through 8 on page 9 also contains in-service dates for various pollution control projects. PEF contends that the disclosure of that information could be used to determine when PEF intends to purchase emission

allowances, which would place PEF at a competitive disadvantage in the emissions market and contribute to price volatility to the detriment of PEF and its customers. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

Ruling

Upon review, the above-referenced information contains unit-specific information as well as in-service dates for pollution control projects, which, if disclosed, would cause harm to PEF's ratepayers or business operations. This information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information contained in Document No. 02417-10 shall be granted confidential classification.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Progress Energy Florida, Inc.'s Request for Confidential Classification of Document No. 02417-10, is granted. It is further

ORDERED that the information in Document No. 02417-10 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 2nd day of July, 2010.

NATHAN A. SKOP
Commissioner and Prehearing Officer
