Dear Mr. Richards,

I hope this email finds you well. Commissioner Jack Mariano recently contacted staff in the Southwest District office to request that the Department of Environmental Protection (DEP) make the Public Service Commission (PSC) aware of a January 22, 2012, Aqua Utilities wastewater spill that occurred at Jasmine Lakes. Our District staff sent the attached reports to the PSC per Commissioner Mariano's request. However, the PSC would not accept our unofficial submittal of these documents. Instead, the PSC has requested that these documents be officially filed in Docket # 100330-WS. Since DEP is not a party in this case, I believe it may be more appropriate for you to file the documents on behalf of the Commissioner, if so desired. I hope you find this information helpful. Please let us know if we can be of further assistance.

RE: 100330-WS

I would direct your attention to the following testimony, provided by the FPSC General Counsel (2009):

02861-09 4/1/2009 TRANSCRIPT - Vol 1, pages 1-139 of 3/25/09 agenda, Item 1, special agenda.

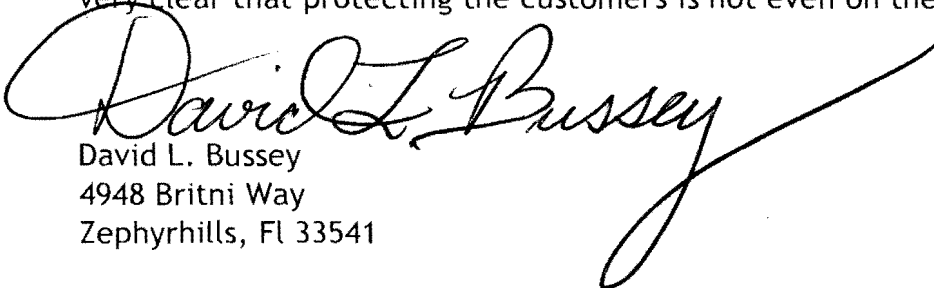

Specifically, page 21, line 1, where General Counsel Imhoff tells the Commissioners of the "great discretion" they (you) have at your disposal.

He then cites a court case, Northern Florida vs. Bevis, and states that, "no utility shall be denied a reasonable rate of return, but in this manner does not compel the Commission to grant a rate increase where the applicant's existing service is shown to be inefficient".

On page 21, line 18, the General Counsel for the FPSC continues, "The court indicated the Commission in this particular case, in the North Florida Water case, found that the quality of service issue was to be predominant and supported by, a denial of rate case by competent, substantial evidence.

Finally, on page 26, line 22, he states that in the North Florida vs. Bevis case, the Commission denied a rate increase based on quality of service that was upheld.

I can only wonder why the Staff with-held such important information from the Commissioners. This "don't ask - don't tell" mindset of the Staff, makes it very clear that protecting the customers is not even on their list of duties.

Re: Case: PSC Docket Number 100330-WS
Utility: Aqua Utilities Florida, Inc.
Owner: Yes Companies, LLC d/b/a Arredondo Farms
Property: Arredondo Farms, Gainesville, Florida

Dear Mr. May:

Demand is made that the Utility cease and desist from its retaliatory and billing practices at this Property. This week the Utility has retaliated against the Owner and residents from the Property who testified against the Utility at the Gainesville public hearing (the “Gainesville Hearing”) held on Monday, September 12, 2011.

Specifically, the Utility:

1. Sent Witness Eugene Evans (Lot 46) a shut-off notice even though he is current under his payment plan with the Utility.
2. Sent Witness Regina Lewis (Lot 2639) a “Dear Occupant” letter, even though she is a long-standing customer of the Utility.
3. Sent the Owner to collection on an account that is fully paid and not in arrears.

These acts, and those testified to by Mr. Evans, Ms. Lewis and the dozens of witnesses at the Gainesville hearing, must immediately cease. They are evidence of a continuing predatory billing practice at the Property perpetrated by the Utility. This predatory practice violates the Florida Deceptive and Unfair Trade Practices Act, the Florida Fair Debt Collection Practices Act and the common law of Florida.

Mr. May
September 23, 2011
Page 2

These continuing violations are well documented and will no longer be tolerated. If the Utility does not immediately cease and desist from this predatory billing practice it is perpetrating at the Property, legal action on these claims will be immediately filed against it and all attorneys' fees and court costs incurred will be sought. Quite frankly, enough is enough.

I left a message with your office earlier this week, and would appreciate the courtesy of a return call. At that time I trust that you will give me the assurances I need that the Utility will immediately cease its unlawful and predatory billing practices at the Property.

Very truly yours,

David S. Bernstein

I'm asking you all, and everyone in your sphere of influence, to:

- 1) go to www.flowflorida.com and read the 5/5 posting, and sign-up for the newsletter (it's a simple way to keep up with what's on the website).
- 2) file a complaint with the PSC to rescind the certificate for ZephyrShores Service Area.

Thank you for your continued support.

RE: Docket No. 100330-WS

Dear Ms. Cole:

In relation to the above reference matter, please find enclosed eight (8) copies of Intervener, YES Companies, LLC d/b/a Arredondo Farms', Memorandum of Law in Opposition to Aqua Utilities Florida, Inc.'s Rate Increase Application along with Exhibits "A" and "B" to the same. These documents were electronically filed on Monday, April 11, 2011. However, due to the volume of documents, the fact that there are color pictures in the documents, and the cost of reproducing the same, I thought it prudent to send you eight (8) hard copies for your files and possible use by Public Service Commission Staff.

In the meantime, if you have any further questions or concerns please do not hesitate to contact me directly.

Sincerely,

Kenneth M. Curtin

She will temporarily represent one party of record, and be counsel for Ms. Wambsgan when/if she is granted intervenor status. I guess when the order granting intervention is issued, then it is Commission practice to list the intervenor's attorney as a party. Anyway, hold off on listing as party of record.

Good afternoon, Ralph,

We have received a notice of limited appearance by attorney Kelly Sullivan, for David L. Bussey (a party of record). Kelly Sullivan is already an interested person in the docket, representing Lucy Wambsgan, who recently filed a petition to intervene. Please advise if atty Sullivan should remain an interested person or be marked as a party of record.

Thank you for your help.

I've unmarked Lucy Wambsgan as a party of record.

Should she be taken off of the parties list all together ?

Thanks.

Re: Case: PSC Docket Number 100330-WS
Utility: Aqua Utilities Florida, Inc.
Owner: Yes Companies, LLC d/b/a Arredondo Farms
Property: Arredondo Farms, Gainesville, Florida

Dear Mr. May:

Demand is made that the Utility cease and desist from its retaliatory and billing practices at this Property. This week the Utility has retaliated against the Owner and residents from the Property who testified against the Utility at the Gainesville public hearing (the “Gainesville Hearing”) held on Monday, September 12, 2011.

Specifically, the Utility:

1. Sent Witness Eugene Evans (Lot 46) a shut-off notice even though he is current under his payment plan with the Utility.
2. Sent Witness Regina Lewis (Lot 2639) a “Dear Occupant” letter, even though she is a long-standing customer of the Utility.
3. Sent the Owner to collection on an account that is fully paid and not in arrears.

These acts, and those testified to by Mr. Evans, Ms. Lewis and the dozens of witnesses at the Gainesville hearing, must immediately cease. They are evidence of a continuing predatory billing practice at the Property perpetrated by the Utility. This predatory practice violates the Florida Deceptive and Unfair Trade Practices Act, the Florida Fair Debt Collection Practices Act and the common law of Florida.

Mr. May
September 23, 2011
Page 2

These continuing violations are well documented and will no longer be tolerated. If the Utility does not immediately cease and desist from this predatory billing practice it is perpetrating at the Property, legal action on these claims will be immediately filed against it and all attorneys' fees and court costs incurred will be sought. Quite frankly, enough is enough.

I left a message with your office earlier this week, and would appreciate the courtesy of a return call. At that time I trust that you will give me the assurances I need that the Utility will immediately cease its unlawful and predatory billing practices at the Property.

Very truly yours,

David S. Bernstein

RE: Docket No. 100330-WS

Dear Ms. Cole:

In relation to the above reference matter, please find enclosed eight (8) copies of Intervener, YES Companies, LLC d/b/a Arredondo Farms', Memorandum of Law in Opposition to Aqua Utilities Florida, Inc.'s Rate Increase Application along with Exhibits "A" and "B" to the same. These documents were electronically filed on Monday, April 11, 2011. However, due to the volume of documents, the fact that there are color pictures in the documents, and the cost of reproducing the same, I thought it prudent to send you eight (8) hard copies for your files and possible use by Public Service Commission Staff.

In the meantime, if you have any further questions or concerns please do not hesitate to contact me directly.

Sincerely,

Kenneth M. Curtin

She will temporarily represent one party of record, and be counsel for Ms. Wambsgan when/if she is granted intervenor status. I guess when the order granting intervention is issued, then it is Commission practice to list the intervenor's attorney as a party. Anyway, hold off on listing as party of record.

Good afternoon, Ralph,

We have received a notice of limited appearance by attorney Kelly Sullivan, for David L. Bussey (a party of record). Kelly Sullivan is already an interested person in the docket, representing Lucy Wambsgan, who recently filed a petition to intervene. Please advise if atty Sullivan should remain an interested person or be marked as a party of record.

Thank you for your help.
