Enclosed is a copy of JEA Tariff Sheet No. 16.10 that establishes the qualification for eligibility.

There are 1,200 churches in Jacksonville.

Only 19 churches are receiving the discount - 18-Catholic Churches and the Jacksonville First Baptist Church.

I wish to file a complaint that the Jacksonville Electric Authority has an Electric Service Pricing Policy that discriminates against the following qualified church denominations:

41-Methodist 25-Presbyterian 23-Assembly of God 22-African Methodist Episcopal ** 20-Episcopal
200-Baptist Churches - members of the Florida Baptist Convention (list enclosed).

The 131 other church denominations save about \$ 131,000 a year - over thirty years - about \$ 3,930,000 savings.

This discrimination has been going on over a thirty year period - since 1979.

The 18-Catholic Churches save about \$ 18,000 a year - over thirty years - about \$ 540,000 in savings.

The First Baptist Church saves about \$ 65,000 a year - over thirty years - about \$ 2,000,000 in savings.

The 131 other church denominations could have possibly saved about \$ 131,000 a year - over the past thirty years - about \$ 4,000,000 in savings.

The 200-Baptist Churches could have possibly saved about \$ 200,000 a year - over the past thirty years - about \$ 6,000,000 in savings.

The JEA "fraudulently overcharged the 331 churches". They used the U.S. Mail to send out monthly bills and the customer used the U.S. Mail to return payments.

This constitutes **MAIL FRAUD - 18 U.S. Code - Section 1341: Frauds and Swindles.**

Is retroactive restitution a consideration?
