Re: Docket No. 100158-EG

Dear Katherine:

As a follow-up to our conversation and my e-mail Friday, FPUC requests that this item be deferred until the next available Agenda.

In reviewing the Recommendation and tables in preparation for the Agenda, we noted that some of the data used may not have been correct and we brought this to the attention of Staff. FPUC had provided Staff with information in response to data requests and later had revised some of the information. In so doing, the data to be used to calculate the effectiveness of several programs may not have been correctly shown. If the correct data is used, additional programs will be cost effective.

A deferral of this time will permit an opportunity to insure that the correct data is used and will facilitate final approval of our programs.

Sincerely,

A handwritten signature in cursive script that reads "Doc".
