**Re: Docket No. 100381-WS - Request for approval of tariff amendment to include a late payment fee of \$5.25 in Orange Co. by Pluris Wedgefield, Inc.**

Dear Mr. Marcelli:

Commission staff has reviewed your application regarding the above-referenced docket. Please respond to the following requests regarding your application and cost justification:

**Initial Connection, Normal Reconnection, Violation Reconnection, and Premises Visit**

1. Currently, the Utility is not charging any miscellaneous service charges for wastewater. Please explain, in detail why the Utility is now requesting miscellaneous service charges for initial connection, normal reconnection, violation reconnection, and premises visits for the wastewater service.
2. Has the Utility performed any initial connection, normal reconnection, violation reconnection and/or premises visits during business hours for the proceeding 12 months for wastewater? If so, please provide the number of visits performed per different miscellaneous charge.
3. Has the Utility performed any initial connection, normal reconnection, violation reconnection, and/or premises visits during after hours for the proceeding 12 months for wastewater? If so, please provide the number of visits performed per different miscellaneous charge.
4. If the Utility has charged any of the wastewater customers for any miscellaneous services mentioned above during the proceeding 12 months, please provide the dollar amount charged per service for normal hours and after hours.
5. As presented on the cost justification, the Utility indicated actual cost for the violation reconnection fee for normal hours and after business hours. Please explain, in detail why this service is indicated as actual cost, and the different cost components the Utility anticipates being included in actual cost.
