NOW, BEFORE THIS COMMISSION, through undersigned counsel, comes Florida Power & Light Company ("FPL") and, pursuant to section 25-22.006 of the Florida Administrative Code and section 366.093 of the Florida Statutes, hereby requests confidential classification of certain information on Florida Public Service Commission ("FPSC" or "Commission") Schedule A12, Capacity Costs for the month of August 2010 submitted in Docket No. 100001-EI. 2. The following attachments are included herewith and made a part hereof:
 - a. Attachment A includes the complete and unedited version of FPL's Schedule A12, Capacity Costs, which contains certain information that FPL asserts should be accorded confidential treatment. The information in Attachment A for which FPL seeks confidential classification has been highlighted. Attachment A is submitted separately in a sealed envelope marked "**CONFIDENTIAL.**"
 - b. Attachment B is the edited version of Attachment A. All information that FPL asserts is entitled to confidential treatment has been blocked out in Attachment B.
 - c. Attachment C identifies information for which confidential treatment is sought and, with regard to the type of information, contains a brief statement that explains the need for confidentiality and refers to the specific statutory basis or bases for the request.

3. Pursuant to section 366.093, FPL seeks confidential protection for the information highlighted in Attachment A. FPL submits that such information is proprietary confidential business information within the meaning of section 366.093(3). Pursuant to section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. The statutory bases and support for FPL's assertion of confidentiality with regard to the types of information is set forth in Attachment C. The information for which confidential classification is sought is intended to be and is treated by FPL as confidential and, to the best of FPL's knowledge and belief, has not been publicly disclosed.

5. Upon a finding by the Commission that the material in Attachment A for which FPL seeks confidential treatment is proprietary confidential business information within the meaning of section 366.093(3), pursuant to section 366.093(4) such materials should not be declassified for eighteen (18) months, or as otherwise extended by the Commission. Further, the materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, including those set forth in the supporting materials included herewith, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

ATTACHMENT C
Docket No. 100001-EI

**Justification for Confidentiality for Florida Power & Light Company Schedule A12
Capacity Costs of August 2010:**

The information contained in Attachment A, line 15 concerns contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. Section 366.093(3)(d), F.S. Specifically, the information relates to the pricing for a short-term capacity purchase the disclosure of which would impair FPL's ability to contract for capacity on favorable terms. Additionally, said information relates to competitive interests of FPL and of the supplier from whom FPL purchases capacity, the disclosure of which would impair FPL's and /or supplier's competitive businesses. Section 366.093(3)(e), F.S.

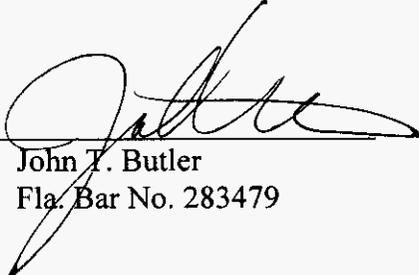

Note: Previously, FPL had contracted with multiple capacity suppliers and reported aggregate information on line 15 that did not disclose the terms of any one capacity purchase. For the months of January through May, 2010, however, FPL purchased from only one capacity supplier, so the information on line 15 tied directly to the terms of the purchase for those months. In June 2010, FPL began purchasing from additional capacity suppliers. Thus, standing alone, the information for the months of June and thereafter would not need to be confidential. However, by comparing that information with the information on line 16, one would be able to infer the specific price for the capacity purchase under Contract 1 (line 8). Accordingly, for the remainder of 2010, the monthly information on line 15 will need to be designated as confidential but FPL will not have to designate it as confidential starting in 2011.
