Re: Notification of Change in Corporate Form and Creation of New Holding Company under which Zone Telecom, Inc. will Operate

Dear Ms. Cole:

Zone Telecom, Inc. ("Zone"), by its undersigned counsel, hereby notifies the Florida Public Service Commission ("Commission") of a proposed transaction whereby a new holding company will be created, under which Zone would operate. As explained in greater detail below, Zone—an authorized provider in Florida—first will be changing corporate form. Following that change, Zone's parent company will obtain a 50 percent ownership interest in a newly created holding company which will then be the direct corporate parent of Zone, although Zone will continue operations as a separate operating company.

**I. Conversion of Zone Telecom, Inc.**

Zone is certificated only as a competitive local exchange carrier ("CLEC") and interexchange carrier ("IXC") (see authorizations granted in Docket No. 030463-TX and Docket No. 001515-TI) in Florida and provides CLEC services only to primarily business end users and a limited number of residential customers in Florida. On or about December 15, 2010, Zone Telecom, Inc., a Delaware corporation, will be converted into Zone Telecom, LLC, a Delaware limited liability company ("Zone LLC"). This conversion will be accomplished under Delaware law which allows an entity to change corporate form with no other legal change to the entity. As a result, the membership interests in Zone LLC will be held initially by the same holding company (i.e., Zone USA, Inc.) that currently owns all of the shares of Zone. Zone LLC will also have the same management as Zone. Thus, under this conversion, the only change in Zone will be the type of entity and resulting name ("LLC" instead of "Inc.").

As a result of the Delaware conversion statute, Zone LLC will be authorized to do business in Florida under the same authorization to do business as the current Zone entity.

At or about the time of closing, Zone will file appropriate amendments to any effective tariff reflecting this name change. Zone will not change any rates or conditions of service as a result of this conversion.

## **II. Operation Under a New Holding Company**

Once Zone LLC is formed, its holding company (i.e., Zone USA, Inc.) intends to contribute its ownership interest in the operating company, Zone LLC, to a holding company which will be called ANZ Communications LLC, a Delaware limited liability company. In exchange for ownership of Zone LLC, Zone USA will receive in return 50% of the ownership interest in ANZ Communications LLC, and ANZ Communications LLC will then be the parent holding company of Zone LLC. The other 50% ownership interest in ANZ Communications LLC will be held by ANPI Holding, Inc.<sup>1</sup> Zone LLC will continue to operate directly under its current management.

The above steps will have no operational effect on Zone's customers in Florida, which will each continue to obtain service from, and be billed by, the same entity with the same contact information as before. Because there will be no change in service provider or services offerings for any retail customers in Florida, Zone's customers are not being notified of, nor have provided any authorization for, any service provider change.

For your records:

Zone LLC's business address is:

3 Executive Campus, Suite 520  
Cherry Hill, NJ 08002

Zone LLC's contact for regulatory, billing and emergency matters is:

<sup>1</sup> ANPI Holding, Inc. does not provide regulated telecommunications services nor hold a telecommunications authorization in Florida.

Zone understands that this transaction will not require Commission approval or action because:

- Zone holds only a competitive local exchange certificate and an interexchange authorization in Florida;
- Zone will continue to exist and will not transfer its customers to any other entity; and
- the transaction will not result in a change in ownership of more than 50% of the equity interest in Zone.

### **IV. Public Interest Considerations**

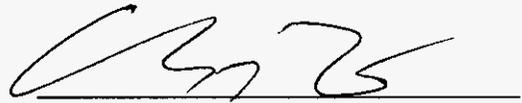

This transaction will serve the public interest by bringing increased viable competition and new capital to the telecommunications market in Florida. The transaction will enable Zone to have access to greater resources and shared expertise, which will in turn benefit retail providers in Florida, which should, in turn, benefit consumers in Florida.
