I am writing this letter about the 86.4% increase in my water bill by N.F. Florida, I live in Tamiami Village in North Fort Myers 3396 it is a retirement Community 55+ most of the residents live on Social Security + some living below Poverty. We are not getting any increase of Social Security in 2010-2011.

Increase for Fort Myers of 99% and Cape Coral Port Charlotte not getting any increase.

When N.F. Florida bought the water Company they knew it would need repairs, as all meters + water lines were old + most meters were buried in mud + pipes were rusted.

So I feel that 86.4% is unrealistic + should be denied this type of increase.

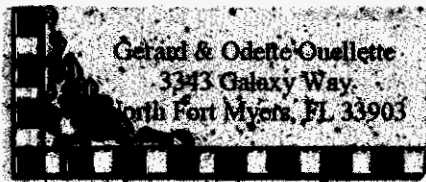

Sincerely
Mr. Gerald A. Oullette

Note! Even now the new meters are partially buried in sand + mud
