Mr. Kennedy,

This was so long ago I had to Google the press release to find the answer. It looks like Birch Telecom of the South, Inc. was in bankruptcy from July 29 to September 30, 2002.

Does this help? I am out of the office until next week but if you need further info on this I can help you then.

Chris

bankruptcy or not. If not, could you provide the date the company came out of bankruptcy? Our data base includes information of when a company went into bankruptcy and when it came out. We received a filing regarding the company going into bankruptcy, but nothing since that time (August 2002).

Call if you have any questions. Thank you.
