ORDER DENYING APPLICATION FOR CERTIFICATION  
TO PROVIDE COMPETITIVE LOCAL EXCHANGE  
TELECOMMUNICATIONS SERVICES

BY THE COMMISSION:

On September 28, 2010, Future Generations Technology Inc. (Future Generations) filed an application to provide competitive local exchange telecommunications services in Florida. However, Future Generations neglected to provide managerial, technical or financial capability information as required by the CLEC application, as set forth in Section 364.337, Florida Statutes (F.S.) and Rule 25-24.805, Florida Administrative Code (F.A.C.).

Commission staff (staff) attempted to contact Future Generations on October 4, 2010, and again on October 11, 2010, using the email addresses listed in the application. Those email correspondences were returned undeliverable. On October 19, 2010, staff spoke with Diego Barrera on the telephone number listed for him as a representative of Future Generations in the CLEC application. Mr. Barrera stated that he would have the company submit the required information necessary to complete its CLEC application. Thereafter, staff faxed and mailed a certified letter on November 10, 2010, to Future Generations requesting that the additional information needed to complete the CLEC application be submitted within 15 days. A representative of Future Generations signed and accepted the certified letter on November 12, 2010. To date, Future Generations has not responded.

Pursuant to Section 364.337, F.S., and Rule 25-24.805, F.A.C., we find that Future Generations' application is incomplete as it failed to provide the required managerial, technical or financial capability information.

We hereby deny Future Generations Technology Inc.'s application to provide competitive local exchange telecommunications services in Florida. This docket shall be closed.
