Re: Docket No. 080121-WS - Application of Aqua Utilities for increase in water and wastewater rates.

To Whom It May Concern:

Pursuant to page four (4) of Order No. PSC-10-0297-PAA-WS, attached are the monthly reports for complaints filed at the Commission Call Center (complaints closed between 12/01/10 - 12/31/10 and open complaints as of January 5, 2011). If you have any questions, or if I can be of any further assistance, please contact me at (850) 413-6234 or Rjaeger@psc.state.fl.us

Sincerely,

A handwritten signature in cursive script that reads "Ralph R. Jaeger".

Ralph R. Jaeger
Senior Attorney

DOCUMENT NUMBER: 080121-WS
00135 JAN-7
FPSC-COMM-ASSISTANT CLERK

Item No. 2 of the proposed Phase II Monitoring Plan states that our staff will track complaints filed at the Commission by AUF customers. In this regard, our staff will produce a monthly report which tracks complaints filed at the Commission Call Center. This report will indicate the number of complaints received for the month, the type of complaint, the dates the complaint was opened and closed, and the county in which the customer resides. Our staff will provide this report each month to all parties and place it in the docket file.

During both meetings held with the parties to discuss a subsequent monitoring plan, one of the customers suggested that, in addition to the filing of the above reports, a survey of AUF customers should be conducted in order to determine whether customers' concerns are adequately being addressed by AUF. We do not believe another survey would be an effective method of evaluating AUF's efforts to address customer concerns at this time. As noted in the staff recommendation dated March 4, 2010, during the initial monitoring phase, our staff sent out a customer satisfaction survey to 900 customers selected at random over a six-month period from the AUF monthly customer complaint logs. After analyzing the responses, reviewing the customer comments, and talking to over 100 customers, it appeared that the survey did not accurately measure AUF's customer service performance. Rather it appeared that many customers were evaluating AUF's rates, not whether their specific concerns were appropriately addressed. We believe the monitoring plan proposed by AUF, and agreed to by OPC, is a more efficient, cost-effective, and focused method to evaluate AUF's performance. As mentioned previously, these monthly reports will provide meaningful data with which to evaluate recent performance and identify trends. Also, our staff and the parties will be able to conduct discovery on the reports to obtain more granular data, if necessary.

B. Estimated Meter Readings

According to Item No. 1(c) in the Phase II Monitoring Plan, AUF will provide an Estimated Read Report on a monthly basis to the parties and the our docket file. Our staff and the parties can use this report to track the number of estimated reads and as a basis to investigate adverse trends. If necessary, the parties or staff can request more detail in order to ascertain the cause of the estimated readings and how it has or will be resolved. Because this is also a report that is currently being produced and used by AUF management, we find this is a cost-effective means of monitoring estimated meter readings.

C. Secondary Drinking Water Standards (Aesthetics)

In Item No. 6 in the proposed Phase II Monitoring Plan, AUF agrees to monitor, on a monthly basis through the end of 2010, the secondary drinking water constituents under the Florida and Federal Safe Drinking Water Acts and report the results. This monitoring will be performed on the following seven water systems:
