

7. Exhibit J, Special Report.

- a. Schedule Nos. B-3, B-8, and C-8 make reference to an "NES agreement" and "NES proposal" for the installation of meters. However, Exhibit D of the application states that there are existing 5/8" x 3/4" meters for the 262 residential connections. Please confirm whether there are, in fact, existing meters. If so, please explain why the Utility is proposing to install an additional 262 meters.
- b. Schedule No. B-10 indicates the estimated annual gallons sold as 18,689,000 gallons. Please provide documentation that shows how this figure was determined.

8. Undeveloped Land in Service Area. According to staff's review of the County Assessment and System maps provided in Exhibits L and M, respectively, the service territory includes a parcel that appears to be undeveloped. This parcel is located East of Interstate 75, North of the wastewater treatment facility, and South of Bent Oak Drive. Please explain whether this parcel is owned by ELP, whether ELP has any plans for future development of the property, and whether water and/or wastewater service would be needed.

9. Tariffs – Customer Bill. Rule 25-30.335, F.A.C., provides that a utility cannot consider a customer delinquent in paying his or her bill until the 21st day after the utility has mailed or presented the bill for payment. Rule 25-30.320, F.A.C., provides that service may be discontinued after five working days written notice is mailed to the customer, separate and apart from any bill for service. For clarity, you may wish to include this language on your customer bill.

Should you have any questions concerning the above-referenced items, please feel free to contact Ms. Melissa Jones-Alexis, of my staff, by phone at (850) 413-6997 or mjonesal@psc.state.fl.us. To ensure timely processing of your application, the above-referenced documents and statements should be filed on or before March 4, 2011. Please ensure that your transmittal references Docket No. 110020-WS and that it is mailed directly to:
