Subject: Florida Rock Industries, Inc. - Company Code GS063

Good morning Rick, I am in the process of sending our annual "update letters" to the all of the utilities that are registered/certificated and under PSC regulation, which are being returned with updates listed. Ms. Swanton returned the one for Florida Rock Industries, Inc. (DN 01055-11, placed in docket 110000-OT) for Mr. Sauer, advising that they have changed their company's name from Florida Rock Industries, Inc. to Vulcan Materials Co., Florida Rock Division. I know that the Gas Safety entity does not have to file a request for a name change with the PSC prior to them doing so, but in order for me to update MCD I have to have staff verify that it is correct. Ed advised me this week should I have anymore of these changes to send them to you, as you are now handling that "gas" matters. Once you review this please let me know. If you have any questions let me know, 413-6746. Thanks for your help. Nonnye
