I think there was a mistake on Marty's filing. Both Steve Riley and Marty's filings relate to DN 100426 (a water case), but Friedman put the wrong docket number on his filing, and you followed that. I think it should have been filed in the water case 100426-WS, not my telephone docket, 100246-TP.

FPSC-COMMISSION CLERK

Lake Utility Services, Inc. Customer Meeting on April 27, 2011

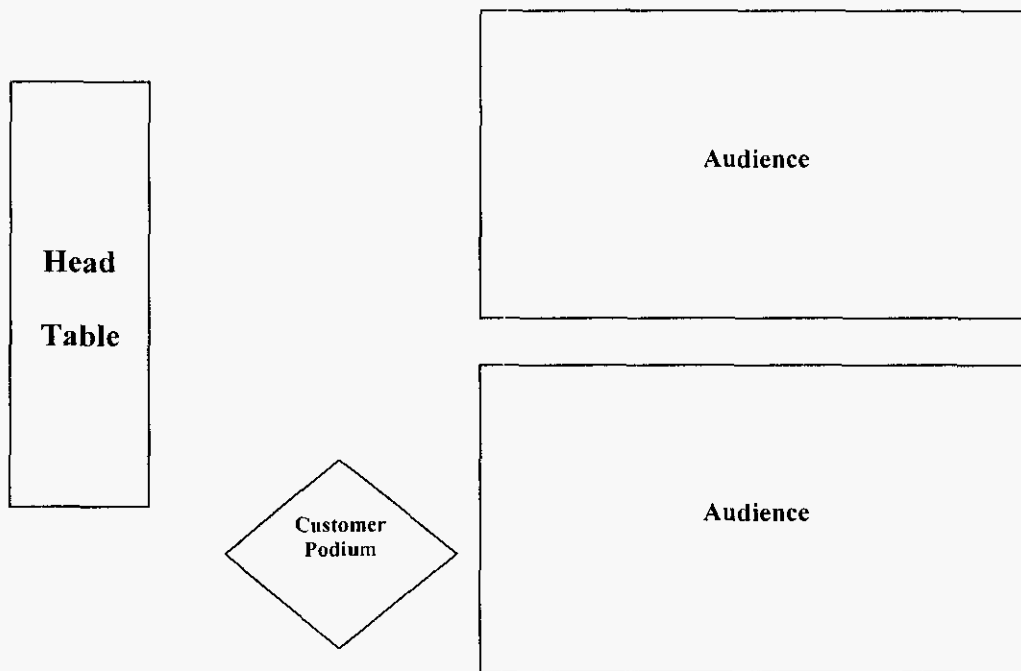

MEETING ROOM SETUP

Seating

If at all possible, the head table should be on an elevated platform in front of the audience. A raised bench such as we have at the Commission is best. A table may only be used if the front and sides are covered with a modesty skirt. Folding tables with an open front are appropriate only when using a modesty skirt.

A separate podium or table to one side of and facing the head table (away from the audience) is required for customers. Another table may be necessary if a court reporter is required.

The meeting set up should appear as shown below:

Public Address System

If possible, a minimum of two microphones (three are preferred), one for the head table and one for the customer podium, is required. The public address system should be sufficient to ensure that the audience can hear what is being said in normal speaking voices.
