STAFF'S DATA REQUEST NO. 2

Re: 110031-EG - Petition for approval of residential service dynamic price response pilot rate by Florida Power & Light Company.

Dear Ms. Cano:

By this letter, the Commission staff requests that Florida Power & Light Company (FPL or utility) provide responses to the following data requests.

1. Please provide all assumptions and calculations used to derive the following:
 - a.) the proposed customer charge,
 - b.) the proposed base energy charge of \$0.04023, and
 - c.) the proposed pilot adjustment credit of \$0.00201 and pilot adjustment charge of \$0.21821.
2. Will the proposed pilot program credits and charges be applied to the otherwise applicable RS ECCR charge as shown on FPL's current Billing Adjustment tariff, Sheet No. 8.030? If not, please explain.
3. If as a result of customer responses the total amount of credits exceeds the total amount of charges associated with the Pilot Rate, will FPL seek to recover any portion of the excess credits? Please discuss.
4. Will the participants of the Pilot Rate program pay the applicable tariff charges for the remainder of the cost recovery clauses (fuel, environmental, capacity, and storm damage) such that there is no impact of the pilot program on the costs or revenues used to determine any cost recovery clause factors?
5. Please explain in detail as to why FPL is proposing to use the ECCR clause to administer the Pilot Rate, as opposed to doing so through base rates.
6. Does FPL plan on adjusting the Pilot Rate charges annually? If yes, on what basis will FPL adjust the Pilot Rate charges?
