**Re: Review of the 2011 Ten-Year Site Plans for Florida's Electric Utilities**

Dear Mr. Golden,

Pursuant to Section 186.801, Florida Statutes, the Florida Public Service Commission (Commission) is responsible for reviewing and classifying each electric utility's Ten-Year Site Plan as "suitable" or "unsuitable." As part of its review, the Commission must solicit the views of appropriate state, regional, and local agencies. Enclosed are copies of the Ten-Year Site Plans for the electric utilities that have identified preferred or potential plant sites in your jurisdiction. Please note that these plans are not designed to give information about proposed facilities in such detail as would be required for a development permit or other formal process. These plans have been made accessible from the following Commission website:

http://www.psc.state.fl.us/utilities/electricgas/10yrsiteplans.aspx.

Please review the enclosed Ten-Year Site Plans and provide comments, along with a brief summary if possible, on their suitability as planning documents. Please forward all comments to me by Friday, July 29, 2011. If you have any questions, feel free to contact me at (850)-413-6626 (pellis@psc.state.fl.us) or Traci Matthews at (850)-413-6682 (tmatthews@psc.state.fl.us). Thank you for your assistance.

Sincerely,

Phillip Ellis
Division of Regulatory Analysis
