Brenda,

i have changed the status to "other" for confidential documents that have been given a future declassification date, entered in the undocketed docket(s) that you marked off on the quarterly inventory of confidential DNs as of 3/31/11.

You marked 4 to be changed, but no future declassification date has been given for them. i have listed these 4 DNs below.

02956-10
02998-10
03000-10
03018-10

Please advise.

Thanks.
