Docket No. 100358-EI – Investigation into the design of Commercial Time-of-Use rates by Florida Power & Light, pursuant to Order No. PSC-10-0153-FOF-EI.

Issue 1: Should the Commission order FPL to file a new commercial TOU rate?

Recommendation: No, there is not enough evidence at this time that would support a new TOU rate for commercial customers. However, FPL should further investigate whether fuel TOU factors based on marginal costs and/or summer and winter differentiation would benefit customers and provide system benefits and report back in testimony filed in the 2011 fuel proceeding.

Issue 2: Should this docket be closed?

Recommendation: No. If no person whose substantial interests are affected by the PAA files a protest within 21 days of the issuance of the order, a consummating order will be issued. Once this action is complete, this docket should be closed.
