FLORIDA PUBLIC SERVICE COMMISSION

COMMISSION CONFERENCE AGENDA

CONFERENCE DATE AND TIME: Tuesday, July 26, 2011, 9:30 a.m.

LOCATION: Betty Easley Conference Center, Joseph P. Cresse Hearing Room 148

DATE ISSUED: July 15, 2011

NOTICE

Persons affected by Commission action on certain items on this agenda may be allowed to address the Commission, either informally or by oral argument, when those items are taken up for discussion at this conference. These items are designated by double asterisks (**) next to the agenda item number.

To participate informally, affected persons need only appear at the agenda conference and request the opportunity to address the Commission on an item listed on agenda. Informal participation is not permitted: (1) on dispositive motions and motions for reconsideration; (2) when a recommended order is taken up by the Commission; (3) in a rulemaking proceeding after the record has been closed; or (4) when the Commission considers a post-hearing recommendation on the merits of a case after the close of the record. The Commission allows informal participation at its discretion in certain types of cases (such as declaratory statements and interim rate orders) in which an order is issued based on a given set of facts without hearing.

See Rule 25-22.0021, F.A.C., concerning Agenda Conference participation and Rule 25-22.0022, F.A.C., concerning oral argument.

Agendas, staff recommendations, vote sheets, transcripts, and conference minutes are available from the PSC Web site, <http://www.floridapsc.com>, by selecting *Agenda & Hearings* and *Agenda Conferences of the FPSC*. By selecting the docket number, you can advance to the *Docket Details* page and the Document Index Listing for the particular docket. If you have any questions, contact the Office of Commission Clerk at (850) 413-6770 or e-mail the clerk at Clerk@psc.state.fl.us.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate at this conference should contact the Office of Commission Clerk at least 5 days before the conference. Any person who is hearing or speech impaired should contact the Commission by using the Florida Relay Service, which can be reached at 1-800-955-8771 (TDD). Assistive Listening Devices are available at the Office of Commission Clerk, Betty Easley Conference Center, Room 110.

The Commission Conference has a live video broadcast the day of the conference, which is available from the PSC's Web site. Upon completion of the conference, the video will be available from the Web site by selecting *Agenda and Hearings* and *Audio and Video Event Coverage*.

Docket No. 110085-EI – Petition for Declaratory Statement by Mediterranean Manors, Inc., regarding applicability of Progress Energy tariff provisions.

Critical Date(s): 07/28/11 (Final order must be issued by this date, pursuant to Section 120.565(3), Florida Statutes)

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: GCL: Cowdery
ECR: Draper, Kummer

(Participation is at the Discretion of the Commission.)

Issue 1: Should Mediterranean Manors' Amended Petition for Declaratory Statement be granted?

Recommendation: The Commission should grant in part Mediterranean Manors' Amended Petition and issue a declaratory statement regarding the applicability of Progress' Tariff to Mediterranean Manors' particular set of circumstances. The Commission should deny the Amended Petition to the extent that it requests a determination of the conduct of Progress. The Commission should declare that, based on the facts set forth in the Amended Petition as applied to Progress' Tariff: (a) Mediterranean Manors is a multi-occupancy residential building and therefore Section 11.06 of Progress Tariff Sheet No. 4.166 is the applicable tariff; (b) the appropriate point of delivery with respect to Mediterranean Manors' buildings is the utility designated point of delivery, which is the transformer; (c) Mediterranean Manors is responsible for maintenance of the underground electrical cables running from the pad-mount transformer to its service entrance; and (d) the issue of whether Mediterranean Manors had the right to receive notice that Progress would no longer be responsible for cable maintenance is moot, based on staff's recommendation on Question (c), and, furthermore, Mediterranean Manors has not identified any tariff provision which would give it a right to receive such notice.

Issue 2: Should this docket be closed?

Recommendation: Yes, the docket should be closed.

Docket No. 100160-EG – Petition for approval of demand-side management plan of Progress Energy Florida, Inc. (Deferred from the May 24, 2011 Commission Conference.)

Critical Date(s): None

Commissioners Assigned: All Commissioners

Prehearing Officer: Administrative

Staff: RAD: Lewis, Brown, Clemence, Ellis, Garl, Gilbert, Harlow
GCL: Harris, Tan

Issue 1: Should the Commission approve the Compliance Plan filed by PEF on November 29, 2010?

Recommendation: No. The Commission should not approve the Compliance Plan because it is estimated to have an undue rate impact through the Energy Conservation Cost Recovery (ECCR) clause.

Issue 2: Should the Commission approve the Rate Mitigation Plan filed by PEF on November 29, 2010?

Recommendation: Yes. The Commission should approve the Rate Mitigation Plan with the clarification that approval does not constitute a revision of the goals the Commission previously set for PEF in Order No. PSC-10-0198-FOF-EG. While the Rate Mitigation Plan is not projected to meet all the numeric conservation goals set by the Commission, the reduction in rate impact compared to the Compliance Plan is considerable. PEF should strive to meet the original goals set by the Commission through the implementation of the programs described in staff's memorandum dated May 12, 2011 and through education and diligent monitoring and analysis of program participation and results on an ongoing basis. Pursuant to Section 366.82(8), F.S., PEF may be eligible for a financial reward should it exceed the Commission's established goals. However, for purposes of determining financial penalties, PEF's achievements should be evaluated against the demand and energy savings projections contained in the Rate Mitigation Plan.

Commission approval of PEF's Rate Mitigation Plan will allow PEF to file for cost recovery. However, PEF must still demonstrate, during the Energy Conservation Cost Recovery clause proceeding, that expenditures in implementing its DSM programs are reasonable and prudent. PEF should be required to file program standards for administrative approval within 30 days of the Consummating Order in this docket.

Issue 1: Does FPL's Modified Demand-Side Management Plan satisfy the Company's numeric conservation goals set by the Commission in Order No. PSC-09-0855-FOF-EG?

Recommendation: Yes. The Commission should approve FPL's Modified Plan because it is projected to achieve all goals, is cost-effective, and it does not create an undue rate impact. As such, there is no need to consider the Alternate Plan which fails to meet most goals. FPL should file its program standards for all its programs within 30 days of the Commission's Order in this docket.

Docket No. 100359-WS – Application for staff-assisted rate case in Volusia County by Tymber Creek Utilities, Incorporated.

Critical Date(s): 01/19/12 (15-Month Effective Date (SARC))

Commissioners Assigned: All Commissioners

Prehearing Officer: Brisé

Staff: ECR: Smith, Bruce, Fletcher, Hudson, Maurey, Simpson
GCL: Harris

(Proposed Agency Action Except For Issues 12, 13, and 14.)

Issue 1: Is the quality of service provided by Tymber Creek satisfactory?

Recommendation: Yes. The quality of service for the Utility is satisfactory.

Issue 2: What are the used and useful percentages for Tymber Creek?

Recommendation: The water distribution system, the wastewater treatment plant, and the wastewater collection system should be considered 100 percent used and useful. A 2 percent adjustment should be made to purchased water to reflect excessive unaccounted for water in the distribution system.

Issue 3: What is the appropriate average test year rate base for Tymber Creek?

Recommendation: The appropriate average test year rate base for Tymber Creek is \$72,440 for water and \$188,278 for wastewater.

Issue 4: What is the appropriate rate of return on equity and overall rate of return for Tymber Creek?

Recommendation: The appropriate return on equity (ROE) is 9.27 percent with a range of 8.27 percent to 10.27 percent. The appropriate overall rate of return is 7.77 percent.

Issue 5: What is the appropriate amount of test year revenue in this case?

Recommendation: The appropriate test year revenue for this Utility is \$113,580 for water and \$196,667 for wastewater.

Issue 6: What is the appropriate amount of operating expense?

Recommendation: The appropriate amount of operating expense for Tymber Creek is \$137,487 for water and \$232,057 for wastewater.

Issue 7: What is the appropriate revenue requirement?

Recommendation: The appropriate revenue requirement is \$143,115 for water and \$246,687 for wastewater.

CASE

10**PAA

Docket No. 100359-WS – Application for staff-assisted rate case in Volusia County by Tymber Creek Utilities, Incorporated.

(Continued from previous page)

Issue 8: What is the appropriate rate structure for Tymber Creek?

Recommendation: The appropriate rate structure for the water system's residential class is a three-tier inclining block rate structure. Staff's preliminary rate design called for a two-tier rate structure with usage blocks of 0-10 kgals in the first usage block and all usage in excess of 10 kgals in the second usage block. As discussed in Issue 9, staff did not apply a repression adjustment to non-discretionary usage. As a result, an additional tier is necessary for non-discretionary usage below 6 kgal per month. This results in a three-tier rate structure for monthly consumption with usage blocks of: a) 0-6 kgal; b) 6-10 kgal; and c) all usage in excess of 10 kgals and usage block rate factors of .87, 1.0, and 1.5 respectively. The appropriate rate structure for the water system's non-residential class is a continuation of its BFC/uniform gallonage charge rate structure. The BFC cost recovery percentage for the water system should be set at 35 percent. Furthermore, the appropriate rate structure for the wastewater residential class and non-residential class is a continuation of the traditional BFC/gallonage charge rate structure. The BFC cost recovery percentage for the wastewater system should be set at 50 percent.

Issue 9: Is a repression adjustment appropriate in this case?

Recommendation: Yes, a repression adjustment is appropriate for this Utility. Test year residential kgals sold for water should be reduced by 4.6 percent, resulting in a consumption reduction of 1,115 kgals. Purchased water expense should be reduced by \$2,945 and regulatory assessment fees (RAFs) should be reduced by \$139. The final post-repression revenue requirement for the water system should be \$140,031. For the wastewater system, test year kgals sold should be reduced by 5.4 percent, resulting in a consumption reduction of 1,064 kgals. Sludge removal expense should be reduced by \$1,956, purchased power should be reduced by \$809, and RAFs should be reduced by \$124. The final post-repression revenue requirement for the wastewater system should be \$243,797.

In order to monitor the effect of the changes to rate structure and rate changes, the Utility should be ordered to file reports detailing the number of bills rendered, the consumption billed and the revenues billed on a monthly basis. In addition, the reports should be prepared by customer class, usage block, and meter size. The reports should be filed with staff, on a semi-annual basis, for a period of two years beginning the first billing period after the approved rates go into effect. To the extent the Utility makes adjustments to consumption in any month during the reporting period, the Utility should be ordered to file a revised monthly report for that month within 30 days of any revision.

Docket No. 100359-WS – Application for staff-assisted rate case in Volusia County by Tymber Creek Utilities, Incorporated.

(Continued from previous page)

Issue 10: What are the appropriate rates for Tymber Creek?

Recommendation: The appropriate monthly water and wastewater rates are shown on Schedule Nos. 4-A and 4-B of staff's memorandum dated July 14, 2011, respectively. The recommended rates should be designed to produce revenue \$140,031 for water and \$243,797 for wastewater, excluding miscellaneous service charges. The Utility should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. The Utility should provide proof of the date notice was given no less than 10 days after the date of the notice.

Issue 11: Should the Commission approve the Phase II revenue requirement associated with pro forma wastewater plant and expenses for Tymber Creek, and if so, what is the appropriate return on equity, overall rate of return, revenue requirement and when should the resulting rates be implemented?

Recommendation: Yes. The Commission should approve a Phase II revenue requirement associated with pro forma wastewater plant and expense items. The appropriate return on equity should be 9.27 percent with a range of 8.27 to 10.27 percent. The appropriate overall rate of return is 7.77 percent. The Utility's Phase II revenue requirement remains unchanged for water and should be \$297,116 for wastewater, which equates to an increase of 20.44 percent over the Phase I wastewater revenue requirement of \$246,687. Tymber Creek should complete the pro forma plant and expense items within 12 months of the issuance of the instant docket's consummating order. The Utility should be allowed to implement the resulting rates once the pro forma items have been completed and documentation provided showing that all improvements have been made to the system.

The Utility should be required to submit a copy of the final invoices and cancelled checks for all pro forma plant and expense items. Once verified, the rates should be effective for service rendered on or after the stamped approval date on the tariff sheets, pursuant to Rule 25-30.475(1), F.A.C. The rates should not be implemented until staff has approved the proposed customer notice and the notice has been received by the customers. Tymber Creek should provide proof of the date notice was given within 10 days after the date of the notice. The resulting rates are shown on Schedule No. 8 of staff's memorandum dated July 14, 2011. If the Utility encounters any unforeseen events that will impede the completion of the pro forma items, the Utility should immediately notify the Commission.

(Continued from previous page)

Issue 12: What is the appropriate amount by which rates should be reduced four years after the published effective date to reflect the removal of the amortized rate case expense as required by Section 367.0816 F.S.?

Recommendation: The water and wastewater rates should be reduced as shown on Schedule Nos. 4-A and 4-B of staff's memorandum dated July 14, 2011, to remove rate case expense grossed up for regulatory assessment fees and amortized over a four-year period. The decrease in rates should become effective immediately following the expiration of the four-year rate case expense recovery period, pursuant to Section 367.0816, F.S. Tymber Creek should be required to file revised tariffs and a proposed customer notice setting forth the lower rates and the reason for the reduction no later than one month prior to the actual date of the required rate reduction. If the Utility files this reduction in conjunction with a price index or pass-through rate adjustment, separate data should be filed for the price index and/or pass-through increase or decrease and the reduction in the rates due to the amortized rate case expense.

Issue 13: Should the recommended rates be approved for the Utility on a temporary basis, subject to refund, in the event of a protest filed by a party other than the Utility?

Recommendation: Yes. Pursuant to Section 367.0814(7), F.S., the recommended rates should be approved for the Utility on a temporary basis, subject to refund, in the event of a protest filed by a party other than the Utility. Tymber Creek should file revised tariff sheets and a proposed customer notice to reflect the Commission-approved rates. The approved rates should be effective for service rendered on or after the stamped approval date on the tariff sheet, pursuant to Rule 25-30.475(1), F.A.C. In addition, the temporary rates should not be implemented until staff has approved the proposed notice, and the notice has been received by the customers. Prior to implementation of any temporary rates, the Utility should provide appropriate security. If the recommended rates are approved on a temporary basis, the rates collected by the Utility should be subject to the refund provisions discussed in the analysis portion of staff's memorandum dated July 14, 2011. In addition, after the increased rates are in effect, pursuant to Rule 25-30.360(6), F.A.C., the Utility should file reports with the Commission's Division of Economic Regulation no later than the 20th of each month indicating the monthly and total amount of money subject to refund at the end of the preceding month. The report filed should also indicate the status of the security being used to guarantee repayment of any potential refund.

Re: Docket No. 110128-TC

Dear Ms. Shivmangal:

This will acknowledge receipt of the application for certificate to provide pay telephone service by National Phone & Communication Services, which was filed in this office on April 25, 2011, and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6248 or FAX (850) 413-7180.

Please note as well that the Commission's Statement of Agency Organization and Operations requires certificated companies to notify the Commission of any changes in name, telephone, address, or contact person. Should your application be granted by the Commission, you will be expected to comply with this requirement by advising us of any changes as they occur.
