Docket No. 100458-EI

STATE OF FLORIDA)

COUNTY OF PALM BEACH, FL)

AFFIDAVIT OF DR. ROSEMARY MORLEY

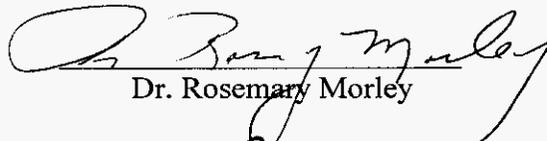

BEFORE ME, the undersigned authority, personally appeared Dr. Rosemary Morley who, being first duly sworn, deposes and says:

1. My name is Dr. Rosemary Morley. I am currently employed by Florida Power & Light Company ("FPL") as Director of Load Forecasting & Analysis. I have personal knowledge of the matters stated in this affidavit.

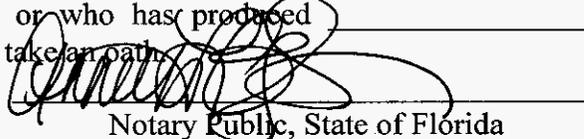

2. I have reviewed Exhibit C and the documents that are included in Exhibit A to FPL's Request for Confidential Classification. FPL's response to Staff's Data Request number 118 contains proprietary confidential business information. FPL's agreement with IHS Global Insight requires that the data included in FPL's response be treated confidentially. Disclosure of this information would be inconsistent with FPL's contractual obligations and would impair the efforts of FPL to contract for goods or services on favorable terms in the future, to the detriment of FPL and its customers. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

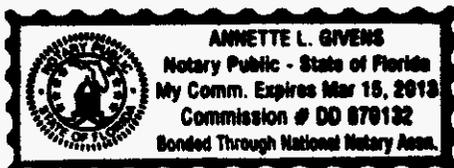

4. Affiant says nothing further.

AFFIDAVIT OF SOLOMON L. STAMM

BEFORE ME, the undersigned authority, personally appeared Solomon L. Stamm who, being first duly sworn, deposes and says:

1. My name is Solomon L. Stamm. I am currently employed by Florida Power & Light Company ("FPL") as Nuclear Division Controller. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in Exhibit A to FPL's Request for Confidential Classification. FPL's responses to Staff's Data Request numbers 107,109, 111, 112 and 121 contain or constitute proprietary confidential business information. Specifically, the documents or materials contain vendor contractual data, including contractor labor rates, confidential fuel pricing, and a Life of Plant Agreement for the disposal of low level waste. Disclosure of this information would impair the efforts of FPL to contract for goods or services on favorable terms in the future, to the detriment of FPL and its customers. Additionally, the Settlement Agreement between FPL and the Department of Energy (DOE) for reimbursement of spent fuel costs incurred for the DOE's delay in performance contains competitively sensitive data, the disclosure of which could impair the competitive business of the provider of the information. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
