COMMISSION  
CLERK

May 11, 2011

110154-WU

To whom it may concern:

Camachee Cove Yacht Harbor Utility is requesting a revision of our Water Tariff Original Sheet NO. 18.1 in Docket NO. 090230-WU. We would like to create a new rate for a 1" Private Fire Protection Service water meter to be effective as soon as possible.

We recently installed a 1" meter for Private Fire Protection Service at 3418 Lands' End Drive St. Augustine, Florida on a pre-existing unmetered 1" Private Fire Protection Service line. Unfortunately we cannot charge the customer for this new meter until we create the previously mentioned rate. Currently the 2", 3", 4", and 6" Private Fire Protection Service rates are 1/12<sup>th</sup> of the corresponding Base Facility Charge. We are requesting the same for the 1" Private Fire Protection Service. The 1" Base Facility Charge of \$30.58 per month corresponds to a \$2.55 per month charge for a 1" Private Fire Protection Service meter.

We appreciate your attention to this matter. We will begin charging the customer as soon as we receive approval from the Public Service Commission.

Thank you,

Sean McKenna

President
