Dear Ann Cole:

Re: 3Degrees Group, Inc. Notification of Green Certificate Attestation

3Degrees is authorized by the Center for Resource Solutions' Green-e Energy program to sell certain of its Renewable Energy Certificates (RECs)/renewable electricity as Green-e Energy Certified. A REC is a tradable commodity representing the environmental attributes of 1 MWh of electricity generated from a renewable source. As part of 3Degrees' reporting requirement to Green-e Energy, this letter is to inform you that electricity generated by the following generators was provided to the utility purchasers without the environmental attributes, while the associated RECs were purchased by 3Degrees and then sold to a third party. Under the rules of Green-e Energy, 3Degrees must notify relevant regulatory authorities that 3Degrees sold the RECs associated with the generation for which a utility under your jurisdiction purchased the power.

The purchases that 3Degrees made are summarized below:

Project Name	Utility	Location	RECs (MWh)	Generation Period
Ainsworth Wind Energy Facility	JEA	NE	1,500.00	7/1/2009 to 9/30/2009
