Re: Docket No. 100359-WS

Enclosed are copies of the requested documentation for the Tymber Creek Utilities, Incorporated (TCU) Staff Assisted Rate Case. These are referenced to this docket's staff request for an estimate of the professional fees needed to obtain the FDEP Operating Permit and completing the current FPSC Staff Assisted Rate Case.

The following estimate invoices represent Legal and Engineering costs towards both obtaining the FDEP Permit and completing the FPSC Rate Case. The cost estimates are broken down and totaled below. Please see individual invoices which follow for detail.

	FDEP Permit costs	FPSC Rate Case
Gray Robinson (Legal fees)	\$7,500	\$2,500
GAI Consultants (Engineering)	6,000	4,800
	<hr/>	<hr/>
Totals	\$13,500	\$7,300

Thank you very much,

Robert F. Dodrill, Sr.  
For Tymber Creek Utilities, Incorporated

Re: GrayRobinson's Cost Estimate for Completion of FDEP Permit and PSC  
Rate Case

Dear Stan:

At your request, we are providing this cost estimate to provide our services from the date of this letter until the completion of the Florida Department of Environmental Protection (FDEP) wastewater permit process and the Florida Public Service Commission (PSC) staff-assisted rate case for the Tymer Creek Utilities, Inc. (TCU) utility system.

We estimate that GrayRobinson will bill up to an additional \$10,000 to completion of the FDEP and PSC project. This estimate includes an approximate \$7,500 for completion of the FDEP portion of the project and \$2,500 for the PSC portion of the project. These amounts are approximate and could change significantly if either the FDEP or PSC portion of the project required litigation support services.

We hope this estimate helps you and please don't hesitate to call if you have any questions.

Very truly yours,

Thomas A. Cloud, Esquire

GrayRobinson, P.A.

**Re: GAI's Cost Estimate for Completion of FDEP Permit and PSC Rate Case**

Dear Mr. Shirah:

At your request we are providing this cost estimate to provide our services from the date of this letter until the completion of the Florida Department of Environmental Protection (FDEP) wastewater permit process and the Florida Public Service Commission (PSC) staff-assisted rate case for the Tymber Creek Utilities, Inc. (TCU) utility system.

We estimate that GAI will bill up to an additional \$10,800 to completion of the FDEP and PSC project. This estimate includes an approximate \$6,000 for completion of the FDEP portion of the project and \$4,800 for the PSC portion of the project. These amounts are approximate and could change significantly if either the FDEP or PSC portion of the project required litigation support services.

We hope this estimate helps you and please don't hesitate to call if you have any questions.

Very Truly Yours,  
GAI Consultants, Inc.
