Docket No. 110009-EI
Filed: June 13, 2011

**FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION OF
MATERIALS PROVIDED PURSUANT TO AUDIT NO. 11-024-4-1**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") requests confidential classification of certain material provided to the Staff of the Florida Public Service Commission ("Staff") pursuant to Audit Control No. 11-024-4-1 ("the Audit"). In support of its request, FPL states as follows:

1. During the Audit, Staff was provided with various confidential documents. By letter dated May 23, 2011, Staff indicated its intent to retain certain audit work papers. Pursuant to Rule 25-22.006(3)(a), Florida Administrative Code, FPL was given 21 days from the date of the letter to file a formal request for confidential classification with respect to the work papers. Accordingly, FPL is filing this Request for Confidential Classification to maintain continued confidential handling of the confidential work papers.

2. The following exhibits are included with and made a part of this request:

a. Exhibit A includes a copy the confidential documents, on which all information that is entitled to confidential treatment under Florida law has been highlighted.

b. Exhibit B consists of a copy of the confidential documents, on which all information that is entitled to confidential treatment has been redacted. When a document is confidential in its entirety, one page is included indicating that the document has been redacted.

c. Exhibit C is a table containing the specific line and page references to the confidential materials for which confidential treatment is sought, and references to the specific statutory basis or bases for the claim of confidentiality and to the affidavit in support of the requested classification.

d. Exhibit D includes the affidavits of Antonio Maceo, Joseph Fenimore, Kimberly Bozetarnik, and Nelda Jacques.

3. FPL submits that the highlighted information in Exhibit A is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. Pursuant to Section 366.093, such information is entitled to confidential treatment and it is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. A majority of the information in Staff's workpapers is not asserted to be confidential. However, as the affidavits included in Exhibit D indicate, some of information provided by FPL is proprietary, confidential business information. Certain documents contain information related to internal auditing controls or reports of internal auditors. This information is protected from public disclosure pursuant to Section 366.093(3)(b), Florida Statutes. Other documents contain information related to bids or contractual data, such as pricing or other terms, the public disclosure of which would violate nondisclosure terms of FPL's contracts with certain vendors and impair FPL's ability to contract for goods or services on favorable terms in the future. For example, copies of contracts and contractor billing rates are included in these

materials. Such information is protected from public disclosure by Section 366.093(3)(d), Florida Statutes. This contractual information, as well as information related to FPL's tax returns and information belonging to NextEra Energy Resources, is also competitively sensitive. If disclosed, this information could impair the competitive interests of the provider of the information. Such information is protected by Section 366.093(3)(e), Florida Statutes. Additionally, a few documents include competitively sensitive information related to certain employees' compensation. Public disclosure of compensation information would enable competing employers to meet or beat the compensation currently offered, resulting in the loss of talented employees, or conversely, the need to increase the level of compensation already paid in order to retain these employees and attract new talent. The quality of service and the cost of service implications would be detrimental to FPL and its customers. Such information is also protected by Section 366.093(3)(e), Florida Statutes. Lastly, included on these documents is employee social security numbers. This employee information is unrelated to compensation, duties, qualifications, or responsibilities and is therefore protected from public disclosure pursuant to Section 366.093(3)(f), Florida Statutes.

5. Upon a finding by the Commission that the information highlighted in Exhibit A, and referenced in Exhibit C, is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted

Respectfully submitted,

AFFIDAVIT OF JOSEPH FENIMORE

BEFORE ME, the undersigned authority, personally appeared Joseph Fenimore who, being first duly sworn, deposes and says:

1. My name is Joseph Fenimore. I am currently employed by NextEra Energy Resources ("NextEra") as Director, General Accounting. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification of Information provided pursuant to Audit No. 11-024-4-1, for which I am listed as the affiant. The documents and materials that I have reviewed contain information related to NextEra's cost structure which, if publicly disclosed, could harm NextEra's competitive interests. To the best of my knowledge, NextEra and FPL have maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.

BEFORE ME, the undersigned authority, personally appeared Kimberly M. Bozetarnik who, being first duly sworn, deposes and says:

1. My name is Kimberly M. Bozetarnik. I am currently employed by NextEra Energy Resources ("NextEra") as Tax Director. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification of Information provided pursuant to Audit No. 11-024-4-1, for which I am listed as the affiant. The documents and materials that I have reviewed contain proprietary confidential business information related to Florida Power & Light Company's tax returns. This information is competitively sensitive to FPL, and disclosure of this information would work to the detriment of FPL's competitive interests. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. AFFIDAVIT OF NELDA JACQUES

BEFORE ME, the undersigned authority, personally appeared Nelda Jacques who, being first duly sworn, deposes and says:

1. My name is Nelda Jacques. I am currently employed by Florida Power & Light Company ("FPL") as Lead Professional - Construction in the Project Controls group for Turkey Point 6 & 7. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification of Information provided pursuant to Audit No. 11-024-4-1, for which I am listed as the affiant. The documents and materials that I have reviewed contain proprietary confidential business information, including contractual data and competitively sensitive data. Disclosure of this information would violate FPL's contracts with its vendors, work to the detriment of FPL's competitive interests, impair the competitive interests of its vendors and/or impair FPL's efforts to enter into contracts on commercially favorable terms. Additionally, certain of these materials contain competitively sensitive information related to certain employees' compensation. Public disclosure of compensation information would enable competing employers to meet or beat the compensation offered by FPL, resulting in the loss of talented employees, or conversely, the need to increase the level of compensation already paid in order to retain these employees and attract new talent. The quality of service and the cost of service implications would be detrimental to FPL and its customers. Finally, these documents include employee social security numbers, which FPL has an obligation to maintain as confidential. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

AFFIDAVIT OF ANTONIO MACEO

BEFORE ME, the undersigned authority, personally appeared Antonio Maceo who, being first duly sworn, deposes and says:

1. My name is Antonio Maceo. I am currently employed by Florida Power & Light Company ("FPL") as Manager of Auditing. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification of Information provided pursuant to Audit No. 11-024-4-1, for which I am listed as the affiant. The documents or materials that I have reviewed contain information related to reports of internal auditors. Full and frank disclosure of information to the Internal Auditing Department is essential for the department to fulfill its role, and the confidential status of internal auditing reports supports such disclosure. The release of information related to reports of internal auditors would be harmful to FPL and its customers because it may affect the effectiveness of the Internal Auditing Department itself. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.
