Re: Notice of Implementation of Rates Secured by Corporate Undertaking, Docket  
No. PSC-100330-WS

Dear Ms. Cole:

Aqua Utilities Florida, Inc. (“AUF” or “Company”), pursuant to Section 367.081(8), Florida Statutes, gives notice that it has elected to put the rates approved in Proposed Agency Action Order No. PSC-11-0256-PAA-WS (“PAA Order”) into effect during the pendency of the administrative hearing compelled by the Office of Public Counsel protesting the PAA Order on July 1, 2011.<sup>1</sup> Attached for Staff’s review are the appropriate Tariff Sheets (Exhibit “A”) and the proposed Notice to the Customers (Exhibit “B”).

In addition, attached as Exhibit “C” is Aqua America, Inc.’s guarantee of AUF’s Corporate Undertaking in the amount of \$2,412,057, which was calculated in accordance with Staff’s prescribed methodology and serves as security for any potential refund.

Having met all of the statutory requirements to implement the rates approved by the PAA Order, AUF respectfully requests that the Commission acknowledge the implementation of these rates at its Agenda Conference on July 26, 2011.

---

<sup>1</sup>At this time, AUF has determined to place the rates approved in the PAA Order, which rates are lower than the rates requested by AUF at the outset of this proceeding.

AQUA UTILITIES FLORIDA, INC.

**CUSTOMER NOTICE**

ISSUED: July 27, 2011

On October 14, 2010, Aqua Utilities Florida, Inc. (*Utility*) completed its application to the Florida Public Service Commission (*Commission*) for increased water and wastewater service rates, in which it requested interim water and wastewater rate increases of 19.87% and 13.59%, respectively, and final water and wastewater rate increases of 29.6% and 25.2%, respectively. The Commission approved an interim water increase of 13.19% and an interim wastewater rate increase of 11.81% subject to refund with interest by Order No. PSC-10-0707-FOF-WS, dated November 29, 2010.

At the May 24, 2011, Agenda Conference the Commission took action on the Utility's application for its revenue increase. By Proposed Agency Action Order No. PSC-11-0256-PAA-WS (*PAA Order*), issued June 13, 2011, the Commission approved a rate increase of 20.87% for its water system and 19.43% for its wastewater system. In addition, the Commission approved revised Miscellaneous Service Charges and Service Availability Charges (to include a change in its Allowance for Funds Prudently Invested charges) for Breeze Hill in Polk county; Peace River in Hardee county; and Fairways in Lake county. The Service Availability Charges do not apply to existing customers. The Commission also approved Customer Deposits for all of AUF's service areas. These rates and charges were designed to allow the Utility the opportunity to recover its reasonable and prudent costs for providing service, and a reasonable rate of return on its investment in facilities necessary to provide such water and wastewater service.

The last base rate increase occurred more than two years ago. Since then, the Utility has invested over \$8.4 million in its Florida infrastructure through 2010 to improve the quality and reliability of water and wastewater services. These improvements include replacing or fixing water tanks, replacing meters, upgrading electrical systems, replacing pumps, and other projects. Since 2010, the Utility spent an additional \$2.6 million in system improvements throughout the state. Thus, this rate increase was necessary to give the Utility an opportunity to recover a reasonable rate of return on those additional expenditures.

**Attached to this Customer Notice are the Utility's rates prior to filing; approved interim rates; and approved PAA water and wastewater rates, based on monthly billing. Please review the attached schedules to determine the approved rates for your particular system.**

On July 1, 2011, the Office of Public Counsel (OPC), filed a timely protest of the PAA Order to contest the Commission's decision. A formal hearing will be held to determine the Utility's entitlement to its requested rate increase, or some lesser amount. The Utility has chosen not to implement its full requested rates, but only those approved in the PAA Order, which will be held subject to refund.

**The increased rates and charges are effective for service rendered on and after August 1, 2011.**

If you have any questions about this rate increase, please contact the Utility at (877) 987-2782.

Sincerely,

Aqua Utilities Florida, Inc.
