OK, I will unmark Company Code TK050. Please let me know if they do need to be placed in bankruptcy at a later date and I will do it. Thanks. N

I am sorry if the email was confusion. Unmark it. The owner is in bankruptcy and legal is still deciding if it can be applied to the company as well. I filed the papers to have them in the docket file for online reference.

Good morning Toni, Are you saying that we should not have the Company in bankruptcy at this time? Let me know, as I have marked them as such in MCD now, if they don't need to be, I will have removed the "mark." Thanks N

Nonnye,

GCL is still trying to decide if the owner's personal bankruptcy is acceptable for the corporation.

The corporation itself is not in bankruptcy.

I filed the owner's bankruptcy information to have it in the docket.

I will be filing a memo to close the docket based on what GLC decides about the bankruptcy.

Toni

Good morning to both! This will be a response to Toni's memo dated 7-29-11 in which she forwarded a copy of the bankruptcy notice that was filed by Mr. Perez in the above docket. I have marked them in MCD as being in bankruptcy per this filing. Thanks, N
