STAFF'S FOURTH DATA REQUEST

Re: Docket No. 110000-OT – Undocketed Filings - 2011 Ten-Year Site Plan Review

Dear Mr. Lewis:

By this letter, the Commission Staff requests that Progress Energy Florida, Inc. (PEF or utility) provide responses to the following data request.

1. Since the 2011 Ten-Year Site Plans were submitted to the Commission, many changes have been made in planning assumptions. In particular, the following major modifications have occurred.
 - a. Progress Energy conducted a status conference on July 14, 2011, at which it announced that it does not expect the Crystal River 3 nuclear unit to return to service until sometime in 2014.
 - b. On July 26, 2011, the Commission ruled on the DSM Plan submitted by Progress. This ruling will have an effect on Progress Energy's system due to DSM savings.

As a result of these developments, many of the quantities in the required schedules included in the Ten-Year Site Plans have changed. Please revise the following tables based on the changes mentioned above, as well as any other pertinent information that may impact these figures.

Schedule 3.1	Schedule 6.2
Schedule 3.2	Schedule 7.1
Schedule 3.3	Schedule 7.2
Schedule 5	Schedule 8
Schedule 6.1	Schedule 9
