Docket No. 110009-EI
Filed: August 8, 2011

**FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
OF MR. KUNDALKAR'S DEPOSITION TRANSCRIPT AND EXHIBITS**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") requests confidential classification of certain information included in the transcript of the deposition of Rajiv Kundalkar and deposition exhibits. In support of its request, FPL states as follows:

1. On June 29, 2011, the Office of Public Counsel deposed Rajiv Kundalkar in this proceeding. The deposition transcripts and exhibits from Mr. Kundalkar's deposition contain confidential FPL information. Staff has requested that FPL file these materials in this docket. Accordingly, FPL is filing this Request for Confidential Classification of the information contained in the deposition transcript and exhibits.

2. The following exhibits are included with and made a part of this request:

a. Exhibit A includes a copy of the deposition transcript and exhibits, on which all information that is entitled to confidential treatment under Florida law has been highlighted.

b. Exhibit B consists of a copy of the deposition transcript and exhibits, on which all information that is entitled to confidential treatment has been redacted.

c. Exhibit C is a table containing the specific line and page references to the confidential information, and references to the specific statutory basis or bases for the claim of confidentiality and to the affidavit in support of the requested confidential classification.

d. Exhibit D includes the affidavit of Bruce Beisler in support of this request.

3. FPL submits that the highlighted information in Exhibit A is proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. This information is intended to be and is treated by FPL as private in that the disclosure of the information would cause harm to customers or FPL's business operations, and its confidentiality has been maintained. Pursuant to Section 366.093, such information is entitled to confidential treatment and it is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As the affidavit included in Exhibit D indicates, some of information in the deposition transcript and exhibits is proprietary, confidential business information. The transcript and exhibits contain information related to bids or contractual data, such as pricing or other contractual terms, the public disclosure of which would violate nondisclosure provisions of FPL's contracts with certain vendors and impair FPL's ability to contract for goods or services on favorable terms in the future. Such information is protected from public disclosure by Section 366.093(3)(d), Florida Statutes. This information is also competitively sensitive information which, if disclosed, could impair the competitive interests of the provider of the information. Such information is protected by Section 366.093(3)(e), Florida Statutes.

5. Upon a finding by the Commission that the information highlighted in Exhibit A, and referenced in Exhibit C, is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to

FPL as soon as the information is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted

Respectfully submitted,
