Dear Ms. Cole:

On behalf of the partners of Hacklake Forests, LLLP, I am pleased to express my support for U.S. Ecogen's biomass electrical generation project.

Hacklake Forests, LLLP has entered into an Option Agreement to sell 1,148 acres of property in the Fort Meade area to US Ecogen, LLC for the biomass electrical generation plant.

This project will provide many jobs to the Fort Meade area and additional electric power to the area at a competitive rate.

As a renewable resource, biomass will reduce our dependence on fossil fuels.

Please let me know if I can be of assistance.

Sincerely,

A.J. Hackl, Jr.  
CEO and President
