BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Nuclear Power Plant Cost
Recovery Clause

Docket No. 110009-EI
Submitted for Filing: August ____, 2011

**AFFIDAVIT OF JON FRANKE IN SUPPORT OF PROGRESS ENERGY FLORIDA, INC.'S
REVISED SEVENTEENTH REQUEST FOR CONFIDENTIAL CLASSIFICATION
REGARDING PORTIONS OF THE DEPOSITION TRANSCRIPT
OF WILLIAM "TRIPP" COSTON AND KEVIN CARPENTER**

STATE OF FLORIDA

COUNTY OF CITRUS

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Jon Franke, who being first duly sworn, on oath deposes and says that:

1. My name is Jon Franke. I am employed by Progress Energy Florida, Inc. ("PEF" or the "Company") in the Nuclear Generation Group and serve as Vice President – Crystal River Nuclear Plant. I am over the age of 18 years old and I have been authorized by PEF to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Seventeenth Request for Confidential Classification (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.

2. PEF is seeking confidential classification of portions of the Deposition Transcript of William "Tripp" Coston and Kevin Carpenter (the "Transcript"). A detailed description of the confidential information at issue is contained in confidential Attachment A to PEF's Request and is outlined in PEF's Justification Matrix that is attached to PEF's Request as Appendix C.

3. PEF is requesting confidential classification of portions of the Transcript because it contains confidential contractual information and numbers, the disclosure of which would impair PEF's competitive business interests and violate PEF's confidentiality agreements with third parties and vendors; contract and change order financial information; and other information the disclosure of which would impair the Company's competitive business interests.

FPSC-COMMISSION CLERK

4. The Company is requesting confidential classification of this information because the Transcript contains proprietary and confidential information that would impair PEF's competitive business interests if publicly disclosed, as well as information concerning contractual data, the disclosure of which would impair the Company's ability to contract on favorable terms and, in many cases, the information constitutes trade secrets of the Company and its contract partners. In many instances, the disclosure of this information would violate contractual confidentiality provisions or is the result of recent negotiations with PEF vendors or ongoing contracts with vendors. Portions of these documents reflect the Company's internal strategies for evaluating projects. The information contains sensitive information concerning the Crystal River Unit 3 ("CR3") Extended Power Uprate ("EPU") Project ("CR3 Uprate"). Information regarding the CR3 Uprate includes highly confidential and proprietary competitive business information and numbers, the release of which would place PEF's competitors at a relative competitive advantage, thereby harming the Company's and its customer's interests.

5. PEF considers this information to be confidential and proprietary and continues to take steps to protect against its public disclosure, including limiting the personnel who have access to this information. If such information was disclosed to PEF's competitors and/or other potential suppliers, PEF's efforts to obtain competitive nuclear equipment and service options that provide economic value to both the Company and its customers could be compromised by the Company's competitors and/or suppliers changing their offers, consumption, or purchasing behavior within the relevant markets. If other third parties were made aware of confidential contractual terms that PEF has with other parties, they may offer less competitive contractual terms in future contractual negotiations. Without the Company's measures to maintain the confidentiality of sensitive terms in contracts with these nuclear contractors, the Company's efforts to obtain competitive contracts could be undermined to the detriment of PEF and its ratepayers.
