## STAFF'S FIRST DATA REQUEST

**Re: Docket No. 110000-OT - Undocketed Filings - Demand Side Management Goals Technical Potential Study**

Dear Mr. Beasley:

By this letter, the Commission Staff requests that Tampa Electric Company (TECO or utility) provide responses to the following data request.

1. Section 366.82(3), Florida Statutes, requires that in any proceeding to develop goals for increasing conservation and demand-side renewable energy resources, as well as reducing the growth of energy consumption, the Commission shall evaluate the full technical potential of all available demand-side and supply-side conservation and efficiency measures. In the 2008 goals setting proceeding, Docket Nos. 080407-EG through 080413-EG, the seven FEECA utilities collaboratively produced a "Technical Potential Study" (Document No. 02226-09) through the consulting company ITRON. For any new goals setting proceeding:
  - a) If the Technical Potential Study, Document No. 02226-09, were to be updated, please estimate how long it would take to make the necessary updates. Please fully explain the basis for your estimate.
  - b) If a new Technical Potential Study were required, please estimate how long it would take to produce such a study. Please fully explain the basis for your estimate.

Please file the original and five copies of the requested information by September 30, 2011, with Ann Cole, Commission Clerk, Office of Commission Clerk, 2540 Shumard Oak Boulevard,

Mr. James Beasley
