Re: Florida Public Utilities Company - Revised/Updated Report of Bare Steel and Tubing Replacement Program

Dear Mr. Willis:

By Order No. PSC-09-0375-PAA-GU, issued in Docket No. 080366-GU, the Commission required Florida Public Utilities Company to file an annual status report with the Division of Economic Regulation regarding plastic mains and services installed from 2005 through 2008 to replace bare steel. Consistent with that requirement, the Company hereby submits its revised and updated Bare Steel and Tubing Replacement Report.

As always, please do not hesitate to contact me if you have any questions whatsoever.
