

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for increase in water/wastewater rates in Alachua, Brevard, DeSoto, Hardee, Highlands, Lake, Lee, Marion, Orange, Palm Beach, Pasco, Polk, Putnam, Seminole, Sumter, Volusia, and Washington Counties by Aqua Utilities Florida, Inc.

DOCKET NO. 100330-WS
ORDER NO. PSC-11-0412-PCO-WS
ISSUED: September 26, 2011

ORDER GRANTING INTERVENTION

BY THE COMMISSION:

By petition, filed September 1, 2011, Pamela Jo Bondi, Attorney General, State of Florida (Attorney General), has requested permission to intervene in this rate proceeding of Aqua Utilities Florida, Inc. (AUF or Utility). The Attorney General states that, acting in her proprietary capacity on behalf of the State of Florida, she has the authority to represent the State of Florida as a consumer, and in support cites to State ex rel. Shevin v. Yarborough, 257 So. 2d 891 (Fla. 1972).¹ In the request, the Attorney General notes that, at the May Commission Conference, the customers had testified about the amount of the increase and health concerns with the quality of the water provided by the Utility. AUF has advised our staff that in order to save rate case expense, it does not plan to respond to the Attorney General's request, and the time for any response has now passed.

The rate application of AUF has been set directly for hearing, and the specific issues in this rate proceeding have not been determined. Clearly, the Attorney General has raised concerns about the amount of the increase and quality of service. Any intervenor's testimony is not due until September 22, 2011, and the ultimate issues will be determined at the Prehearing Conference scheduled for November 8, 2011. Also, in the Yarborough case cited by the Attorney General, the Florida Supreme Court concluded "that the Attorney General does have status to represent the State as a consumer and to make all appropriate effort to hold down the rates." Therefore, having considered the Attorney General's petition, I find that it complies with the applicable portions of Rules 25-22.039 and 28-106.201(2), F.A.C., and intervention is therefore granted. Pursuant to Rule 25-22.039, F.A.C., the Attorney General takes the case as she finds it.

Therefore, it is

¹ In this electric rate case before the Commission, the Commission had acknowledged the right of the Attorney General to intervene representing the state of Florida as a substantial consumer, but did not recognize the Attorney General as the advocate of the general body of utility consumers throughout the State of Florida. The court found that "having appeared in such proceedings in behalf of the State of Florida as a consumer, the Attorney General is representing all citizens of the State."
