

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for expedited review of growth code denial by Number Pooling Administrator for Ft. Lauderdale exchange (Sunrise), by BellSouth Telecommunications, LLC d/b/a AT&T Florida.

DOCKET NO. 110280-TL
ORDER NO. PSC-11-0443-PAA-TL
ISSUED: October 6, 2011

NOTICE OF PROPOSED AGENCY ACTION ORDER DIRECTING NEUSTAR TO PROVIDE BELL SOUTH TELECOMMUNICATIONS, LLC D/B/A AT&T FLORIDA WITH ADDITIONAL NUMBERING RESOURCES

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

BACKGROUND

On September 22, 2011, BellSouth Telecommunications, LLC d/b/a AT&T Florida (AT&T Florida) filed a request for additional numbering resources from the Number Pooling Administrator (NeuStar) for the Sunrise (FTLDFLSU74E) switch. AT&T Florida requested full NXX to establish a test code for its new remote switch that will be replacing the 1AESS in Sunrise. The code will be returned approximately 1 year after it is effective. On September 22, 2011, AT&T Florida's request for additional numbering resources was denied because NeuStar determined that AT&T Florida did not meet the utilization criteria.

On September 26, 2011, AT&T Florida filed a petition requesting that the Commission reverse NeuStar's decision. In its petition, AT&T Florida states that the Ft. Lauderdale exchange has twelve central offices and thirteen switching entities that utilize numbering resources. At the time of the code request, the Ft. Lauderdale exchange had an MTE of 102.23 and a utilization of 61.38%, while the Mte for the Sunrise switch was 116.78. AT&T asserts that it needs an unused NPA NXX and is unable to use a donated block from another switch since the new switch will need a home code assigned to the switch. AT&T Florida requests that the Commission reverse NeuStar's denial of the numbering resources because NeuStar's denial prevents AT&T Florida from serving its customers in Florida.

We are vested with jurisdiction pursuant to Section 364.16(7), F.S., and 47 U.S.C. §151, and 47 C.F.R. §52.15(g)(3)(iv).

ANALYSIS

Prior to March 31, 2000, carriers submitting an application for additional numbering resources had to certify that existing codes associated with that switch, Point of Interface (POI), or rate center would exhaust within 12 months. In jeopardy Numbering Plan Areas (NPAs), applicants seeking additional numbering resources had to certify that existing NXX codes would exhaust within six months.

Pursuant to Order No. FCC 00-104¹ applicants must now show the MTE criteria by rate center instead of by switch, and have no more than a six-month inventory of telephone numbers. Pursuant to 47 C.F.R. § 52.15(g)(3)(iii):

All service providers shall maintain no more than a six-month inventory of telephone numbers in each rate center or service area in which it provides telecommunications service.

We believe that the new MTE criteria create a disadvantage for carriers with multiple switch rate centers because it is now based on rate centers, rather than switches. One switch in a multiple-switch rate center may be near exhaust while the average MTE for the rate center is above six months, thus preventing a carrier from obtaining additional numbering resources for the switch near exhaust.

We conclude that the denial of additional numbering resources also poses a possible barrier to competition. A customer desiring service from one company may have to obtain service from another carrier simply because AT&T Florida cannot meet the MTE rate center requirement. Another carrier who may have just one switch in the rate center would have an advantage and may be able to obtain the additional numbering resources to provide the service. In Order No. DA 01-386², the FCC stated:

Under no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.

FCC No. DA 01-386 at ¶11.

A procedure is available to carriers who are denied additional numbering resources because of the rate center MTE requirement. Addressing additional numbering resources denials, 47 C.F.R. § 52.15(g)(3)(iv), states, in part:

¹Report and Order, CC Docket No. 99-200, In the Matter of Number Resource Optimization, Order No. FCC 00-104 (March 31, 2000).

²DA 01-386, CC Docket No. 99-200, CC Docket No. 96-98, In the Matter of Numbering Resource Optimization, Implementation of the Local Competition Provisions of the Telecommunications Act of 1996 (February 14, 2001).

The carrier may challenge NeuStar's decision to the appropriate state regulatory commission. The state regulatory commission may affirm or overturn the NeuStar decision to withhold numbering resources from the carrier based on its determination of compliance with the reporting and numbering resource application requirements herein.

In processing the company's petition as contemplated by 47 C.F.R. § 52.15(g)(3)(iv), we have required the company to provide this Commission with the following:

- 1) The customer's name, address, and telephone number.
- 2) The utilization thresholds for every switch in that particular rate center where additional numbering resources are sought.
- 3) The MTEs for every switch in that particular rate center where additional numbering resources are sought.

Upon consideration of the information provided and in accordance with Commission Order No. PSC-01-1973-PCO-TL, we find that the company has met the following criteria:

1. The carrier has demonstrated that it has customers in need of immediate numbering resources.
2. The carrier has shown that it is unable to provide services to a potential customer because of NeuStar's denial of the numbering resources.
3. A potential customer cannot obtain service from the provider of his/her choice because the carrier does not have the numbers available.

CONCLUSION

Based on the foregoing, we find it appropriate to overturn NeuStar's decision to deny additional numbering resources and direct NeuStar to provide BellSouth Telecommunications, LLC d/b/a AT&T Florida with additional numbering resources for the Sunrise (FTLDFLSU74E) switch as soon as possible.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that NeuStar shall provide BellSouth Telecommunications, LLC d/b/a AT&T Florida with additional numbering resources for the Sunrise (FTLDFLSU74E) switch as soon as possible, as reflected in the body of this Order. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate

petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto. It is further

ORDERED that in the event this Order becomes final, this Docket shall be closed.

By ORDER of the Florida Public Service Commission this 6th day of October, 2011.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing that is available under Section 120.57, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The action proposed herein is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on October 27, 2011.

ORDER NO. PSC-11-0443-PAA-TL
DOCKET NO. 110280-TL
PAGE 5

In the absence of such a petition, this order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this/these docket(s) before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.
