Hyma,
I noticed on the PSC website that Document 07429-11 instructs the Clerk to return the confidential documents. However, I understand that if that is done, a copy of those documents will remain in the auditor's files and available for inspection should anyone think to look there. The documents are truly intended to be confidential and if any copies remain with the Commission then it needs to receive confidential treatment. Thus, if all non-redacted copies cannot be returned then we need to move forward with the Request for Confidential Classification. I hope that clarifies the request we previously made regarding this matter.

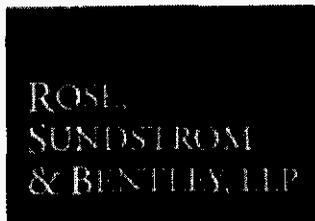

Regards, Marty
