Re: Docket Number 099414. SARC for Pinecrest Ranches, Inc. in Polk County.

Dear PSC,

This letter is for a 30 day extension from the Original deadline of December 9, 2011 to January 9, 2012 to complete certain pro forma items associated with the SARC.

There are two items required to be completed. One of which is the replacement of ten new water meters. As of today, I have installed 13 new meters and will be sending proof of same to the commission

The second was refurbishment of the Hydro tank. All of the parts to do so are on site but, on 10/31/2011 Pinecrest Ranches, Inc. experienced a main well failure due to a lighting strike. Currently, I have submitted repair bids to the Insurance company and are awaiting final go ahead to replace main well pump and bring main well back online. During this same time, I will need to bring the tank off line in order to have the tank coated. With an extension to complete the rate case, I can save the customers of Pinecrest Ranches, Inc. and the utility personal considerable time, by performing clearance and bacterial water samples on both the tank and the newly repaired main well at the same time.

I feel this could be accomplished in a couple of weeks but I am asking for a 30 day extension due to the Holidays.

Please let me know if my request can be granted. As always I am available on my cell phone at 352-302-7406.

Sincerely,

S/Mike Smallridge

Manager Pinecrest Ranches Inc.
