EXHIBIT D

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

Review of Coal Combustion Residual Storage and Disposal Process of the Florida Electric Industry

Filed: December 2, 2011

STATE OF FLORIDA)
DUVAL COUNTY)

AFFIDAVIT OF SCOTT E. BROWN

BEFORE ME, the undersigned authority, personally appeared Scott E. Brown who, being first duly sworn, deposes and says:

1. My name is Scott E. Brown. I am currently employed by Florida Power & Light Company ("FPL") as Production Manager, Scherer and St. Johns River Power Park in the Power Generation Division. My business address is 11201 New Berlin Road, Jacksonville, Florida 32226. I have personal knowledge of the matters stated in this affidavit.

2. With respect to Exhibit C, I have reviewed the documents which are included in Exhibit A to FPL's Request for Confidential Classification of Report and Data Responses Related to Staff's Review of Coal Combustion Residual Storage and Disposal Process of the Florida Electric Industry. The materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute information related to competitive interests, the disclosure of which would impair FPL's and/or Georgia Power's competitive businesses and their ability to contract for goods and services on favorable terms for the benefit of their customers. Specifically, this information relates to Georgia Power's costs, revenues, earnings and management of coal combustion residuals. In addition, some of the other information in the Confidential Data Responses relates to Georgia Power's safety and emergency procedures, which information is confidential because of its security significance. Furthermore, disclosure of this information could impair the competitive interests of the provider of the information. Disclosure of this information would also place FPL and/or Georgia Power at a disadvantage when coupled with other information that is publicly available.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
