**Subject:** RE: Confidential Orders

Hello Hong,

I discussed this issue with Lisa and Jennifer. My concern was that since there is no request for confidentiality by the utility of the ex rel documents you refer to thus no grounds upon which to make a ruling. It was explained to me that the ex rel documents are legally covered by the order since the order grants the utility's request to keep certain workpapers confidential which by necessity includes the ex rel documents. Thus, no separate reference needs to be made for the ex rel documents and the orders do not need to be amended.

As to the incorrect dates, I don't believe we need an amended order. If there is an administrative way of fixing it please do.

Thanks

Martha

Thanks!

Lisa,

If Confidential DN 11414-08 is mentioned in the order, some where it should state that this document was returned to the source. I don't see how we can rule on a confidential document if it is no longer in the Commission's possession.

Or,

Take the confidential document number out of the order all together.

Thanks.

On this Order the DN 11414-08 has been returned already. This Order needs correcting without that document number please. That document number also falls on the Commissioner signed page.
