Dear Mr. Butler:

Listed below are some of Florida Power & Light Company's 2009 Requests for Confidential Treatment of certain information contained in its 423 forms. The Commission's 423 forms require the utility to submit certain transportation information which Commission staff uses to evaluate the reasonableness of fuel costs in the fuel and cost recovery docket. Staff intends to retain the information from the 423 forms to develop a data base. The Requests listed below are more than two years old. There have not been orders issued for these requests.

Re: Docket No. 090001-EI - Fuel and purchased power cost recovery clause with generating performance incentive factor; Confidentiality Requests

Dear Mr. Butler:

In my prior letter listing 423s that could possibly be declassified, I left one document off the list. It is listed below. The Commission's 423 forms require the utility to submit certain transportation information which Commission staff uses to evaluate the reasonableness of fuel costs in the fuel and cost recovery docket. Staff intends to retain the information from the 423 forms to develop a data base. The Request listed below is more than two years old. There has not been an order issued for this request.
