DOCKET NO. 120001-EI  
ORDER NO. PSC-12-0150-CFO-EI  
ISSUED: March 29, 2012

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF INFORMATION PROVIDED PURSUANT TO AUDIT NO. 08-221-4-1 (DOCUMENT NO. 07247-11 X-REF. DOCUMENT NOS. 11377-08, 11378-08, 11414-08)

On October 5, 2011, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its First Request for Extension of Confidential Classification (First Request) of certain information submitted by FPL pursuant to Audit Control No. 08-221-4-1 (the Audit). (Document No. 07247-11; x-ref Document Nos. 11377-08, 11378-08, and 11414-08).

FPL's original request for confidential treatment of certain workpapers provided during the Audit was granted by Order No. PSC-10-0214-CFO-EI, issued April 5, 2010. FPL states that some of the information that was the subject of Order No. PSC-10-00241-CFO-EI warrants continued treatment as proprietary and confidential business information. Accordingly, FPL has submitted this First Request and has included its First Revised Exhibit C which reduces the number of pages for which confidential treatment is sought. First Revised Exhibit C is a line by line justification of the documents for which FPL now seeks confidential treatment.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(d), and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that the designated portions of the information contained in its responses to the Audit, as more specifically described in the line-by-line/field-by-field justification attached in its First Revised Exhibit C to the First Request, fall within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S.,

and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and continues to be treated by FPL as private and has not been publicly disclosed.

FPL asserts that certain of the confidential information includes contractual data such as pricing and other terms, payment records, and vendor and supplier rates for oil and gas procurement, the disclosure of which would impair the efforts of FPL to contract for gas and oil procurement on favorable terms for the benefit of its customers. FPL asserts it would also impair the competitive interest of FPL and its vendors. FPL concludes that such information is protected by Sections 366.093(3)(d) and (e), F.S.

FPL states that certain of the confidential information includes contractual vendor data, such as pricing and other terms, the disclosure of which would impair its efforts or the efforts of FPL Energy Services, Inc. to contract for goods or services on favorable terms in the future. FPL contends that these documents also contain or constitute competitively sensitive data, the disclosure of which could impair the competitive business of the provider of the information. FPL asserts that this information is protected by Section 366.093(3)(d) and (e), F.S.

#### **Time Period For Confidential Classification**

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.” FPL has not requested a period longer than the 18 months.

#### **Ruling**

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 07247-11; x-ref Document Nos. 11377-08, 11378-08, and 11414-08 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is
