DOCKET NO. 120001-EI
ORDER NO. PSC-12-0162-CFO-EI
ISSUED: March 29, 2012

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S THIRD REQUEST FOR
EXTENSION OF CONFIDENTIAL CLASSIFICATION OF MATERIALS PROVIDED

PURSUANT TO AUDIT NO. 05-028-4-1

(DOCUMENT NO. 08054-11, X.REF-DOCUMENT NOS. 04671-05, 04672-05)

On November 1, 2011, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its Third Request for Extension of Confidential Classification (Third Request) of certain information submitted by FPL pursuant to Audit Control No. 05-028-4-1 (the Audit). (Document No. 08054-11; x-ref Document Nos. 04671-05 and 04672-05).

FPL's original request for confidential treatment of certain workpapers provided during the Audit was granted by Order No. PSC-05-0805-CFO-EI, issued August 5, 2005. The Commission granted FPL's first and second request for extension of confidential classification, by Order No. PSC-07-0946-CFO-EI and Order No. PSC-10-0286-CFO-EI, respectively. In its second request, FPL provided a Second Revised Exhibit C which was a line by line justification matrix of the documents FPL requested confidential treatment. FPL states that some of the information that was the subject of Order No. PSC-10-0286-CFO-EI warrants continued treatment as proprietary and confidential business information. Accordingly, FPL has submitted this Third Request and has included its Third Revised Exhibit C which reduces the number of pages for which confidential treatment is sought. Third Revised Exhibit C is a line by line justification of the documents for which FPL now seeks confidential treatment.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(b),(d), and (e) of Section 366.093 F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nternal auditing controls and reports of internal auditors;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPSC-COMMISSION CLERK

FPL contends that the designated portions of the information contained in its responses to the Audit, as more specifically described in the line-by-line/field-by-field justification attached in its Third Revised Exhibit C to the Third Request, fall within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and continues to be treated by FPL as private and has not been publicly disclosed.

FPL submits that certain of the information includes auditing controls and reports of internal auditors or information relating to internal auditing reports issued in 2004. FPL contends this information is protected by Section 366.093(3)(b), F.S.

FPL states that certain information contains contractual data such as pricing and other terms, payment records, and vendor and supplier rates for oil and gas procurement. FPL asserts that the disclosure of this information would impair the efforts of FPL to contract for gas and oil procurement on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. FPL concludes that the information is protected by Section 366.093(d) and (e), F.S.

Finally, FPL states that some of the information relates to customer specific account information. FPL states that its policy is to not disclose customer-specific information, except as required by law. FPL states that its policy includes but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinants, conservation savings, and bills. FPL states that its policy is premised upon customers' right to privacy and the potential that disclosure of customer specific information may harm some customers' competitive interests and thus the information is protected pursuant to Section 366.093(3)(e), F.S.

Time Period For Confidential Classification

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period." FPL has not requested a period longer than the 18 months.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes "[i]nternal auditing controls and reports of internal auditors;" "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" or "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, the information identified in Document No. 08054-11; x-ref Document Nos. 04671-05 and 04672-05 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 08054-11; x-ref Document Nos. 04671-05 and 04672-05 is granted. It is further

ORDERED that the information in Document No. 08054-11; x-ref Document Nos. 04671-05 and 04672-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.
