**RE:** Docket No. 080503-EI, Establishment of Renewable Portfolio Standard

On January 9, 2009, the Commission voted to leave the docket open to await further direction from the Legislature. The Vote Sheet stated, "If the Legislature determines that no further action will be required by the Commission, then this docket should be closed administratively."

HB 7117 was passed by the Florida Legislature in the 2012 Legislative Session and became law April 14, 2012. It is now Chapter No. 2012-117. The legislation repealed the authority for the Commission to implement a renewable portfolio standard rule. Thus, this docket should be administratively closed.
