Re: Docket No. 100330-WS – Pro Forma Plant Certification

Dear Ms. Cole:

By this letter, Aqua Utilities Florida, Inc. (AUF or Company) provides the certification of the pro forma plant items received from the Florida Department of Environmental Protection. Pursuant to Order No. PSC-12-0102-FOF-WS, issued March 5, 2012, the Commission, "Ordered that for the three pro forma projects that were not completed as of the end of the technical testimony, Aqua Utilities Florida, Inc. shall provide certification from the Department of Environmental Protection as to the completion date or date the projects were placed into service."

Attached please find the DEP certification for the following projects:

- 1) Sunny Hills Water System Water Tank Replacement Project
- 2) Peace River Water Treatment Project
- 3) Lake Josephine and Sebring Lakes AdEdge Water Treatment Project
- 4) Leisure Lakes AdEdge Water Treatment Project

Please acknowledge receipt of this filing by stamping the extra copy of this letter "filed" and returning the copy to me. Thank you for your assistance.

Sincerely,

Troy Rendell

Dear Ms. Williams:

This letter concerns the Consent Order ("Order"; OGC File No. 10-2288-67-PW) standing in the Department's case with Aqua Utilities Florida, Inc. ("Aqua"), regarding a storage capacity shortage and other violations noted previously for the Sunny Hills Utilities public water system ("system"; PWS ID No. 1670647) in Washington County.

With the Department's clearance on March 19, 2012 of the new storage tank and lines project for Sunny Hills' Well 1/Well 4 system, Aqua completed all corrective actions required under the Order. With this, the system has achieved compliance regarding all issues addressed in the Order and the matter is considered fully resolved.

In response, we have today been notified by the Department's Office of General Counsel that the Northwest District's closure request made on April 12th has been approved and the case is now officially closed.

We appreciate Aqua's efforts toward Safe Drinking Water Act compliance at Sunny Hills and, specifically, your assistance and that of Mr. Thompson in bringing this case to resolution. If you have any further questions on this matter, please contact me at (850) 595-0593 or by e-mail at david.hines@dep.state.fl.us. Feel free to contact this office, as well, if you ever have questions on other drinking water issues.

Sincerely,

David Hines

Re: Final Clearance
Project: Peace River Heights WTP Modification
FDEP Permit No.: 0290047-002-WC/MC
PWS ID No.: 625-1954
County: Hardee

Dear Ms. Williams:

The Department has received your *Certification of Construction Completion and Request for Clearance to Place Permitted PWS Components into Operation* [FDEP Form 62-555.900(9)] and supporting documents for the above-referenced project. This project was approved for construction under the FDEP permit number identified above and completed without substantial deviations, as noted in FDEP Form 62-555.900(9).

The submitted documents indicate compliance with the clearance procedures identified in Rule 62-555.345, Florida Administrative Code (F.A.C.). Therefore, the Department is issuing this letter of release to place the above-referenced water treatment plant components.

Please note that public water supply systems must comply with any changes and/or revisions to applicable laws and regulations, which affect operating procedures and/or quality standards.

If you have any questions or comments, please contact me at (813) 632-7600, extension 333, or via email at rafah.alkhatib@dep.state.fl.us

Sincerely,
