This looks like a file and suspend water rate case and would therefore need a docket number. It a water utility so it would go to AFD as OPR

Hi Connie,

CLK received a letter providing notice of intent to increase WAW rates based on 2012 index provisions SEction 367.081(4)(c), FS; it includes accounting schedules, affirmation and statement of quality of service, and proposed customer notice, from the above-referenced company. Should this be set up as a new docket or placed in undocketed matters? Thank you for your help.

Good morning, Dorothy.

This is an index application by Central Sumter Utility Company, LLC, not a rate case. It should not have been assigned a docket number, but rather just forwarded to my section for processing.

Thanks,

Bart Fletcher
