In re: Petition for rate increase by Florida
Power & Light Company

Docket No. 120015-EI
September 19, 2012

**FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION OF DOCUMENTS PRODUCED
IN RESPONSE TO STAFF'S SIXTH REQUEST FOR PRODUCTION NO. 50**

Pursuant to Section 366.093, Florida Statutes (2011) ("Section 366.093"), and Rule 25-22.006, Florida Administrative Code (2011) ("Rule 25-22.006"), Florida Power & Light Company ("FPL") requests confidential classification of certain information included in the attachments to its response to Staff of the Florida Public Service Commission's ("Staff") Sixth Request for Production of Documents No. 50 (Bates No. 4181-4218, 4680-4764, 4807-4845, 5136-5227). In support of this request, FPL states the following:

1. On August 29, 2012, FPL filed a Notice of Intent to Request Confidential Classification of the attachments to FPL's response. Pursuant to Rule 25-22.006(3)(a), Florida Administrative Code, FPL has 21 days from the date of the Notice of Intent to file a formal request for confidential classification. Accordingly, FPL is filing this Request for Confidential Classification to maintain continued confidential handling of the information contained in the attachments provided to Staff with the Notice of Intent.

2. The following exhibits are included with and made a part of this request:

a. Exhibit A consists of a copy of the confidential document, on which all information that is entitled to confidential treatment under Florida law has been highlighted.

b. Exhibit B consists of a copy of the confidential document, on which all information that is entitled to confidential treatment under Florida law has been redacted.

c. Exhibit C is a table that identifies the specific line, page or cell references to the confidential materials for which FPL seeks confidential treatment. The table also references the specific statutory bases for confidentiality and the affiant who supports the requested classification.

d. Exhibit D contains the affidavit of Matthew S. Belger.

3. FPL submits that the highlighted information in Exhibit A is proprietary confidential business information within the meaning of Section 366.093(3). This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. Pursuant to Section 366.093, such information is entitled to confidential treatment and is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As the affidavit included in Exhibit D indicates, certain materials provided by FPL contain information concerning bids and other contractual information, the disclosure of which would impact FPL's ability to contract for service on favorable terms. Specifically, the information contains or constitutes information related to property that is currently the subject of litigation, the disclosure of which would impair FPL's litigation position and would provide an advantage to the opposing party. This information is protected by Section 366.093(3)(d), Fla. Stat. Additionally, certain information provided by FPL relates to FPL's competitive interests. The materials contain information regarding FPL's business strategies related to property acquisition. The disclosure of such strategies would negatively impact FPL's negotiation position

and give an advantage to the opposing party. Such information is protected by Section 366.093(3)(e), Fla. Stat.

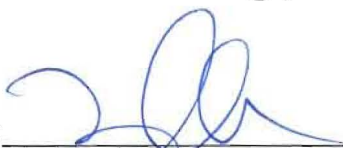

5. Upon a finding by the Commission that the information highlighted in Exhibit A, and referenced in Exhibit C, is proprietary confidential business information, the information should not be declassified for a period of at least eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat. (2011).

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted,

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Increase in Rates by Florida Power & Light Company

Docket No. 120015-EI

STATE OF FLORIDA)
PALM BEACH COUNTY) AFFIDAVIT OF MATTHEW S. BELGER

BEFORE ME, the undersigned authority, personally appeared Matthew Scott Belger who, being first duly sworn, deposes and says:

1. My name is Matthew Scott Belger. I am currently employed by Florida Power and Light ("FPL") as Sr. Financial Analyst, Engineering Project Controls. My business address is 700 Universe Boulevard, Juno Beach, Florida, 33408. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C, and the documents which are included in Exhibit A to FPL's Request for Confidential Classification for which I am identified as the affiant. Such documents or materials that I have reviewed and which, in whole or in part, are asserted by FPL to be proprietary confidential business information, contain or constitute competitively sensitive information, the disclosure of which could impair the competitive business of the provider of the information. Specifically, the information contains or constitutes information related to property that is currently the subject of litigation, the disclosure of which would impair FPL's litigation position and would provide an advantage to the opposing party. The materials also contain information regarding FPL's business strategies related to property acquisition. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, such materials should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
