Dear Ms. Keating:

By this letter, the Commission staff requests that Florida Public Utilities Company (FPUC or utility) provide responses to the following data requests.

1. In 2010, the Commission began measuring goals on an annual basis. However, some FEECA utilities did not have their new programs approved until late 2010. Please use the attached table to provide the following:
 - Using the former 2004 goals measuring system as a baseline, please provide the cumulative demand and energy savings achieved in 2006 – 2009. All savings reported should be at the generator.
 - For the 2010 and 2011 periods, please show annual goal achievements using the current goals established in 2009. All savings reported should be at the generator.

2. Please refer to FPUC'S 2011 Annual Demand-Side Management report filed with the Commission in March 2012. Specifically, refer to the section in which demand and energy program savings are compared to Commission approved goals. If the company failed to meet its Commission approved goals in the Residential or Commercial/Industrial sector, please provide the following:
 - Identify the name of the programs that did not meet their projected participation levels which in turn resulted in underachieving targeted goals.
 - Identify the name of any programs that exceeded their projected participation levels.
 - What actions will FPUC take to increase the participation rate in its under performing programs to meet the Commission-approved goals?
3. Please provide the total amount of energy sales (GWh) FPUC achieved in 2011.
4. Please use the chart below to provide the annual number of Residential and Commercial/Industrial energy audits performed by FPUC during the 2010-2011 periods.

5. Pursuant to Order No. PSC-09-0855-FOF-GU, the Commission directed the investor-owned utilities to spend 10 percent of their historic energy conservation cost recovery expenditures as an annual cap for solar water heating and solar photovoltaic pilot programs. If your utility had any active solar renewable programs in 2011, please complete the following table for each program. Please add rows as necessary to provide other pertinent information that may be helpful to staff in determining whether these programs have been successful.
