Re: Ni Florida, LLC General Rate Increase Application for its Wastewater Facility in Pasco County (SU 915) and Water Facility in Lee County (WU 920)

Dear Chairman Brise:

On September 18, 2012, we hand-delivered to you and filed with the Commission a formal request for a historic test year ending December 31, 2011 for the above general rate increase application to be filed by Ni Florida, LLC ("Ni Florida"). In that correspondence, we advised that the company intended to submit the minimum filing requirements (MFR's) on or before October 15, 2012. Thereafter, Staff notified Ni Florida that it requested additional information from the company before recommending to the Commission whether to approve that historic test year. As a result of that request and follow-up correspondence, Ni Florida now intends to submit the MFR's on or before November 30, 2012.

Pursuant to section 367.01(8), Florida Statutes, Ni Florida respectfully requests that the Commission process the petition for rate relief using the proposed Agency action procedure. Ni Florida will also request interim rates based on the historic test year.

Should you or any member of the Staff have any questions regarding this request, please do not hesitate to contact me.

Very Truly Yours,

Martin P. McDonnell

MPM/vp
