WASTEWATER CUSTOMER NOTICE

NOVEMBER 21, 2012

On May 17, 2012 Harbor Waterworks, Inc. (HWW, Utility) filed an application for an original wastewater certificate for the Harbor Hills' wastewater system in Lake County and for initial rates and charges.

Notice is hereby given by Order No. PSC-12-0580-PAA-SU issued October 26, 2012, in Docket No. 120158-WU, the Commission approved HWW's application for an original certificate and approved the attached monthly service rates, main extension charge, and miscellaneous service charges.

Note that the main extension charge only applies to new connections. Also note that when both water and wastewater services are provided, a single miscellaneous service charge is appropriate unless circumstances beyond the control of the utility require multiple actions.

The rates and charges described on the attachment will be effective for services rendered on or after November 21, 2012. *Your first monthly billing cycle will begin November 21, 2012 and will be billed on a monthly basis. You will receive your first monthly sewer charges on your December billing along with your monthly water charges.*

Prior customer notice of the new charges was required by the Commission's order and this notice has been approved by Commission staff for distribution to the Utility' water customers.

If you have any questions about this notice, please contact Carl Smith at (727) 848-8292, ext. 224. For any future service questions, please contact the Utility at 888 – 228 -2124.

Respectfully,

Harbor Waterworks, Inc.
