Attn: Paul Mc Elroy
CEO & Managing Director

Subject: JEA Curtailable Electric Service - Option B
Whistleblowers Act - Sections 68.081 - 68.09

Sir:

Both Publix and Winn Dixie have Bulk Distribution Warehouses on the Westside of Jacksonville.

For many years, these warehouses have had their own standby electric generators that "kick on" if and when JEA Electric Service may be temporarily out of service.

Option B Electric Rates could save both Publix and Winn Dixie each about \$500,000 per year.

As matter of fact, JEA has known about this situation - but chose not to inform Publix or Winn Dixie.

Retroactive restitution must be considered by the JEA.

Each of the five local hospitals has standby electric generators and also should have been provided with Option B.

You are currently providing option B to:

Citibank Lender Processing Services Bell South Commercial Metals St. Vincent's Hospital (only 2 out of 3 eligible buildings)

An immediate review by the JEA is mandatory.

Sincerely,

Thomas J. Thomas, Jr.
President
