Docket No: 130002-EG
Date: January 28, 2013

**FLORIDA POWER AND LIGHT COMPANY'S FIRST REQUEST
FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
OF INFORMATION PROVIDED PURSUANT TO AUDIT NO. 09-028-4-1**

Pursuant to Section 366.093, Florida Statutes (2012) ("Section 366.093"), and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby submits its First Request for Extension of Confidential Classification of Information Provided Pursuant to Audit No. 09-028-4-1 ("Confidential Information"). In support of this request, FPL states as follows:

1. On August 19, 2009 ("August 19, 2009 Request") FPL filed a Request for Confidential Classification of the Confidential Information. The August 19, 2009 Request included Exhibits A, B, C, and D, which were subsequently revised on February 25, 2010 pursuant to Florida Public Service Commission staff auditor's request.

2. By Order No. PSC-11-0317-CFO-EG, dated July 28, 2011 ("Order 0317"), the Commission granted FPL's August 19, 2009 Request. FPL adopts and incorporates by reference the August 19, 2009 Request and Order 0317.

3. The period of confidential treatment granted by Order 0317 will soon expire. Some of the Confidential Information that was the subject of FPL's August 19, 2009 Request and Order 0317 warrants continued treatment as proprietary and confidential business

information within the meaning of Section 366.093(3). Accordingly, FPL hereby submits its First Request for Extension of Confidential Classification.

4. Included herewith and made a part hereof are Revised Exhibits A and B together with Revised Exhibit C to reduce the number of pages for which confidential treatment is sought.

5. Revised Exhibit D consists of the affidavits of Antonio Maceo, Damaris Rodriguez and Anita Sharma in support of this request. FPL has determined that only some of the information, which was confidential at the time of the August 19, 2009 request, warrants continued confidential treatment.

6. Revised Exhibits A and B consist of highlighted and redacted copies of the specific working papers where FPL has determined that a portion of the information previously designated as confidential requires continued confidential treatment.

7. The Confidential Information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

8. As the affidavits included in Revised Exhibit D indicate, the Confidential Information includes proprietary information of FPL concerning internal auditing controls, reports or notes of internal auditors or information relating to internal auditing controls issued in

2009. This information is protected by Section 366.093(3)(b), Fla. Stat. Also, certain information contain bids or other contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. This information is protected by Section 366.093(3)(d), Fla. Stat.

9. Additionally, some information also relates to the competitive interest of FPL or third parties, the disclosure of which would impair the competitive business of the provider of the information. Such information is protected by Section 366.093(3)(e).

10. Certain documents contain information that relates to customer-specific account information. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, and account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. This information is protected pursuant to Section 366.093(3)(e).

11. Upon a finding by the Commission that the Confidential Information remains proprietary and confidential business information, the information should not be declassified for at least an additional eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* § 366.093(4), Fla. Stat. (2012).

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials and affidavits included herewith, Florida Power & Light Company respectfully requests that its First Request for Extension of Confidential Classification be granted.

Respectfully submitted,
